TWO VOTES GAINED BY WOOD THROUGH ACTION OF CREDENTIALS BODY

Lowden Loses Votes Given to Wood But Regains Them By Decision of Committee Seating Two Kansas City Delegates.

TEMPORARY ORGANIZATION MADE PERMANENT

Second Session Opens at Noon Wednesday; Senator Harding Issues Terse Statement On His Candidacy.

Chicago, June 9.—General Leonard Wood gained two votes through action taken early today by the convention credentials committee on contested cases.

Governor Lowden lost the two votes gained by General Wood but regained them by the decision of the committee seating two delegates from Kansas City, Mo., which district had been denied representation by the national committee.

The two votes gained by General Wood were from the Fourth Georgia and the Tenth Tennessee districts. The committee reversed the action of the national committee in these contested cases—unseating the delegates who participated in the temporary organization of the convention and seating C. D. Williams, Georgia, and Charles B. Quinn, Tennessee. The unseated men were for Lowden. Those seated are for Wood.

A total of 103 contests appealed from the national committee was disposed of by the credentials committee at an all night sitting. The decisions of the national committee were followed in all except four cases. The credentials committee will report finally to the convention this morning. The committee finished its labors at 5 o'clock.

GERMAN CABINET TO BE REFORMED ON EBERT'S REQUEST

Action Taken Because Of Anti-Government Election.

Berlin, June 9.—Former Chancellor Hermann Mueller has been asked by President Ebert to form a new cabinet, as a result of the anti-government vote in the general election and is engaged on that task today.

If Herr Mueller is unsuccessful, it is reported that Herr Trimborn, a Centrist leader, will be asked to form a ministry.

According to newspaper estimates the 447 members of the national assembly will be divided as follows:

Coalition supporting Ebert government 219 seats.

Opposition, including 130 Conservatives, 228 seats.

A private estimate, based upon incomplete returns, apportioned 428 of the seats among the various parties as follows:

Majority Socialists 104; Independent Socialists 77; Centrists 65; German Nationalists 61; German Peoples Party 53; Democrats 43; Bavarian Peoples Party 12; Guelphists 5; Communists 2; scattered 6.

Der Abend gave the opposition only six more seats than the coalition in its estimate. The result in Hanover was missing.

"The only clear result of the election is that the government was defeated by the voters," said Vorwarts, the Socialist organ.

"A complete defeat for the government sums up the situation," says the Lokal Anzeiger.

"The class feeling showing by the result will increase the political tension," said the Communist organ Freiheit.

"It is a reactionary victory," said the Tageblatt.

As a result of the strong radical vote it is expected that the new cabinet will contain one or more Independent Socialists.

OFFICIALS TO WAR ON DELINQUENT TAX PAYERS NOW

Washington, June 9.—A drive on delinquent tax payers all over the country is being planned by internal revenue officials, it was announced today.

The drive will open in a few days.

Commissioner of Internal Revenue Williams has summoned to Washington special details of revenue officers for an intensive training course in sales taxes and other revenue branches.

They will head flying squadrons which will reach every part of the country.

IT'S QUEER WHAT PEOPLE want! A woman will want help for a few hours a day. Another will wish she could find part time employment. The family up the street wishes it had a piano.

You are going away and wish you had a place for, or could dispose of yours. A four line classified ad is a real power in bringing it all about and everybody registers satisfaction.

ELEVEN KILLED IN TRAIN WRECK MANY INJURED

Express Crashes Into Rear Of Passenger Train In New York.

REAR END COLLISION

Two Pullmans Ar Telescoped By Huge Locomotive.

Schenectady, N. Y., June 9.—Eleven persons are known to be dead and 32 injured in the wreck on the New York Central Railway at Hardings Crossing three miles west of here today. A preliminary investigation by railroad officials has failed to disclose the cause of the wreck.

The express crashed into the rear of the New York Central passenger train No. 28, three miles out side of Schenectady early this morning. Train No. 34 an express train killed seven persons and injured scores of others from among whom the toll of death is expected to grow.

Martin Doyle, Albany, engineer of the express, was killed outright. Two other men, two women, a child and a baby in arms, all as yet unidentified were killed.

Seventeen injured are in Ellis hospital, at Schenectady. Others were treated at the scene of the wreck. The injured area 11 from New York and Massachusetts points.

Wrecking crews from Albany were on the scene quickly and began the work of clearing away the wreckage. By 8 o'clock railroad officials declared they had accounted for all the passengers and gave up the search of the wreckage for other bodies.

The express was traveling at such speed that it lifted the rear sleeper of train No. 28 bodily, and drove it through the sleeper just ahead. The force of the impact derailed a third sleeper on train No. 28 and split the second coach in half. The shattered sides dropped away from the wreck as the rushing express was brought to a halt.

The dead and most of the passengers severely injured were in the last two coaches.

GOMPERS DEMANDS RECOGNITION FOR RIGHT OF STRIKES

Labor Makes Request Before Republican Party.

Chicago, June 9.—Maintenance of the right to strike, and to conduct all negotiations with employers without interference by the federal government was demanded by labor before the Republican committee on resolutions today. He insisted on in spite of an understanding that the industrial plank prepared by Governor Allen of Kansas for the elimination of strike, and compulsory arbitration would not be passed.

Labor, through Samuel Gompers, president of the American Federation of Labor, also demanded that restriction of the flow of immigration from abroad to the ability of America to absorb and Americanize it, and the stopping of such immigration absolutely when there is any unemployment here.

Another demand was made for the reduction at once and effectively of the high cost of living and the curbing of profiteering. Gompers headed a special committee from the American Federation of Labor convention now in session at Montreal.

Other demands emphasized in the bill of rights presented included:

Right of labor to organize and bargain collectively through their own representatives and freedom from "unwarrantable issuance of writs of injunction," an the right of trial by jury in contempt cases outside the presence of the courts.

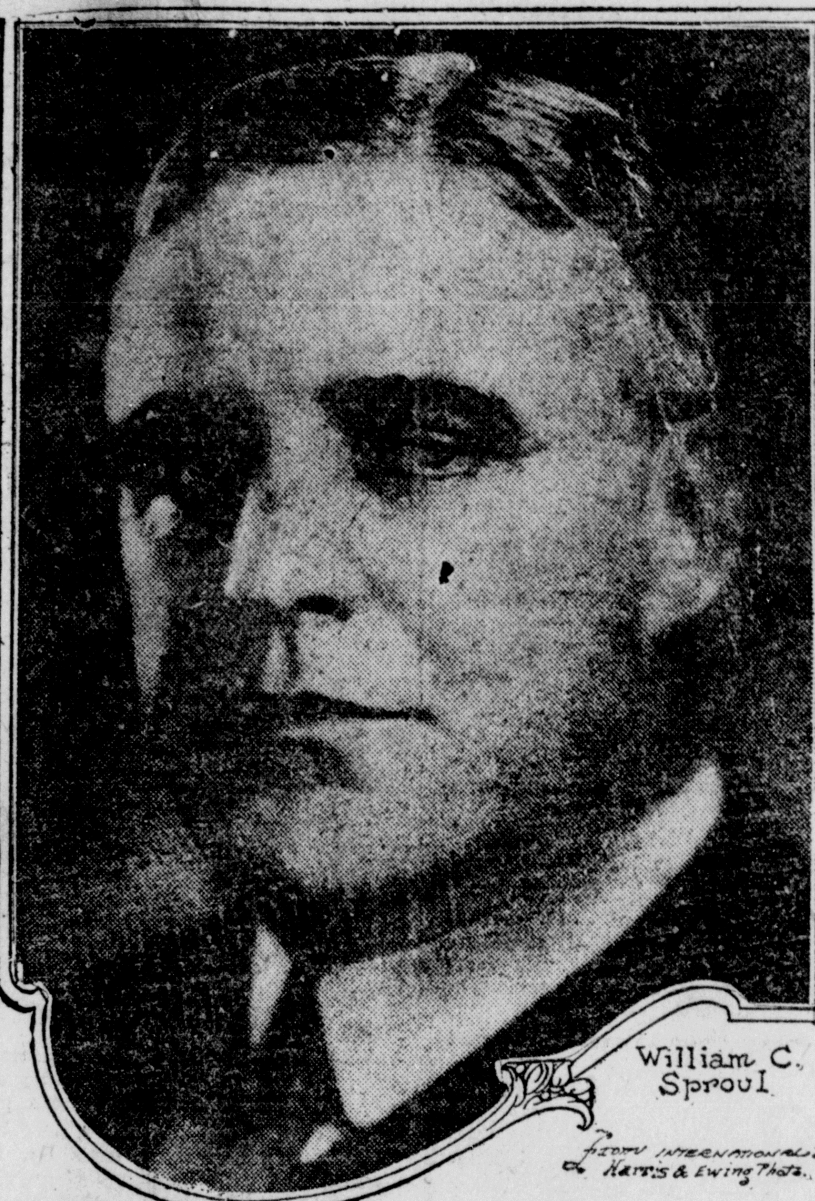

Removal of all effects of the espionage act in the restrictions placed on freedom of speech, the press, the assembly and association.

Right of federal employees to organize and to enjoy the same rights and privileges of other workmen; opposition to the labor provisions of the Cummins-Esch law; exclusion of convict labor from interstate commerce; opposition to child labor; opposition to intervention in Mexico and curbing the supreme court from overruling the acts of congress were also included.

Boy Drowns In Rain Barrel.

Woodfield, O., June 9.—Carl Bolton, 2, of Beallsville, fell into a rain barrel at the Bolton home and was drowned. The tot's mother was 10 feet away when the tragedy occurred.

IN LIMELIGHT AS DARK HORSE

William C. Sproul, Governor of Pennsylvania, and candidate for the Republican Presidential nomination. William C. Sproul was born at Andrews ridge, Colorian Township, Lancaster County, Pa., on September 16, 1870. He is a graduate of Swarthmore College. Before his election to the Governorship he had served twenty-two years in the State Senate of Pennsylvania. He was elected to his present office by a majority of 250,000 the largest ever given to a candidate for Governor in Pennsylvania.

PLATFORM COMMITTEE HITS SNAG ON LEAGUE

Effort Being Made To Prevent Renewal On Convention Floor of Bitter Controversy Between Opposed Factions Of Pact.

Chicago, June 9.—The writing of a said to carry to the convention, if platform for submission to the Republican convention may not be completed by the resolutions committee before noon tomorrow, members of the platform steering committee declared.

When the "steering committee" went into session this morning, it was confronted with the complex and difficult task of meeting a wide divergence of views as to how the league of nations and other disputed planks should be drafted.

Members of the steering committee expressed confidence, however, in their ability to mold a platform that would prevent any serious fight of the convention floor on the league or any of the other controversial issues the Republican party and its president candidate must meet in the campaign.

The convention adjourned at 12:15 until 11 o'clock Thursday.

Chicago, June 9.—Behind closed doors the platform "steering committee" composed of 13 members of the resolutions committee, started in today to gather up the loose ends of the league of nations and other disputed planks.

The "steering committee" is striving to prevent a renewal on the convention floor of the bitter controversy that raged for months in the senate between the mild reservationists and the "irreconcilables."

Senator Borah, of Idaho, leader of the "irreconcilables" who is on the "steering committee" is willing he

should be in accord that there should be no mention of the league reservations in their eagerness to endorse the action of the Republican majority of the senate in refusing to accept the league covenant as it was sponsored by President Wilson.

The "steering committee" which must tackle the dispute between the "mild reservationists" and the "irreconcilables" consist of: Senators Watson, Indiana; Smoot, Utah; Borah, Idaho; and McCormick, Illinois; and William Allen White, Kansas; John F. Neylan, California; D. Lawrence, Virginia; Louis A. Coolidge, Massachusetts; Ogden Mills, New York; Wallace McCamant, Oregon; William Heyburn, Kentucky; Governor R. Livingston Beaman, Rhode Island, and Harry Gilpin, Michigan.

It was understood the league plank now stands as:

Endorsing the action of the Republican senate in refusing to accept the league covenant as sponsored by President Wilson; providing for an international court of arbitration as proposed by Senator Knox; condemning President Wilson for having left the American people in a technical state of war with Germany because of the senate's REFUSAL to ratify treaty in accordance with his wishes.

Aside from the points at issue in the league plank, the "steering committee" will be called on to deal with such complex and difficult problems as the Mexican situation, the Irish question and the resumption of trade relations with Russia.

A Mexican plank conforming to the recommendations made in the recent report of the Fall subcommittee of the senate foreign relations committee is expected to be worked out.

Jews Slain In Budapest.

Paris, June 9.—According to information received at the foreign office, anti-semitic outbreaks occurred in Budapest around June 4, on which date the advices stated one man saw 12 Jews killed. The rioting continued for several days, during which many Jews were killed, the foreign office dispatch said.

WOOD-JOHNSON COMBINE MAY PROVE SIGNIFICANT ON THE FINAL OUTCOME

Delegates Of Gen. Wood and Senator Johnson Hold Majority Of Convention and May Prove Deciding Factor In End.

WOOD EXPECTED TO GET 300 ON FIRST BALLOT

Johnson-Borah Attitude On League of Nations Receives Pronounced Increase in Sentiment—Johnson May Bolt.

Chicago, June 9.—The second session of the Republican national convention got under way today with no startling changes in the standing of the three leading candidates, but with several new developments which may tend to show the way the political winds are blowing.

The most significant of these was the combination of the forces of General Wood and Senator Johnson in the committee on credentials. This combination succeeded in electing a Wood chairman of the committee and it also upset the action of the full national committee and reelected several Wood delegates who had been ousted by the full committee. Instances where the judgement of the national committee has been disregarded have been very rare.

How far the combination of Johnson and Wood elements would go was a matter today which gave the politicians food for much thought. For one thing it recalled vividly the warning of Senator Geo. H. Moses on the eve of the convention that the Johnson and Wood delegates between them formed a majority of the convention.

The Lowden people accepted the Johnson-Wood combine with a feeling of both trepidation and satisfaction; the former because of the bald fact that between them the Johnson and Wood forces do control the situation, and the latter because they saw in it a tacit recognition by the rival camps that Lowden sentiment is so strong it has to be opposed by both Johnson and Wood.

General Wood is expected to poll on the first ballot upwards of 300 votes. Senator Johnson will get, it is conceded, approximately 200. Only 493 votes are necessary to nominate.

Another important development was the pronounced increase in sentiment in favor of the Johnson-Borah attitude on the league of nations. Hearings on the platform were resumed after a session lasting far into the night.

There were widespread reports that Senator Johnson and Senator Borah would both "bolt" if the league of nations idea was endorsed by the resolutions committee in the platform. These were reports and nothing else, but there was noticeable, never the less, a marked trend toward the Johnson idea of repudiation.

The greatest burst of applause which the convention gave Senator Lodge in his keynote speech was when he said that a considerable number of Republicans were of the opinion that the United States should turn down the league and all its works.

The convention itself is yet "unbossed" in the sense that no man or small group of men have yet appeared capable of uniting the delegates on a single predetermined course of action.

It has yet to be shown that the progressives led by Johnson and Borah and the remnants of the once grand "old guard" of Penrose, Keating and Hertz can dominate the convention. The latter group has been openly for the candidacy of Governor Lowden, but its members have so far failed to convince a sufficient number of delegates to go along with them.

Senator Lodge, who will be made permanent chairman of the convention today is a more or less compromise between the two elements. He has Wood leanings, but he also opposes the nomination of Governor Lowden.

There were two important developments during the first day's session of the Republican national convention. One of these was the realization that the big gathering is not only without bosses, but also largely without direction by veterans of the game. The other was that a hot fight will be made against Senator Johnson's plan to condemn in the platform the acceptance of any league of nations covenant.

The fact that the convention is quite unbossed makes impossible any sane prediction as to the nominee. Lots of delegates themselves do not know yet whom they will favor with their ballots after their instructions have been compiled with or their complimentary votes cast. This is especially true of the huge New York delegation, which, if it could get together, is big enough and influential enough probably to settle the nomination. At present the Empire state men are decidedly scattered in their preferences.

But there is one thing both they and hundreds of other delegates from all parts of the country are seemingly determined upon. That is, the platform shall contain a plank favoring some sort of a league of nations with such reservations as will, in their opinion, preserve the independent action and self-respect of the United States.

If they have their way, Senator Johnson will be placed in the position of having to retire from the race or continuing as a contender with the prospect of being a candidate who does not approve of the platform upon which he stands.

Congressman In Fight.

Manassas, Va., June 9.—Congressman Flood of Virginia and half a dozen lawyers and witnesses in the famous Portner will case engaged in a free-for-all fight in the Prince William county circuit court. Most of the combatants suffered cuts and bruises about the face. The fight followed an assertion by John S. Barbour, counsel for proponents of the will, that affidavits offered by contestants, among whom is Mrs. Flood, "were all lies."

BALLOTING SHOWN FOR FORMER YEARS

A glance at convention records since Lincoln was nominated in 1860 discloses the unusual prospects for the present one.

In those conventions the balloting was as follows:

Year	Nominee	No. of ballots
1860	Lincoln	3.
1864	Lincoln	1.
1868	Grant	1.
1872	Grant	1.
1876	Hayes	7.
1880	Garfield	36.
1884	Blaine	4.
1888	Harrison	8.
1892	Harrison	1.
1896	McKinley	1.
1900	McKinley	acclamation
1904	Roosevelt	acclamation
1908	Taft	1.
1912	Taft	1.
1916	Hughes	3.

WATSON NAMED COMMITTEE HEAD

Chicago, June 9.—The committee on resolutions of the Republican national convention formally organized by electing Senator Watson of Indiana its chairman and Isaac N. Ullman of Connecticut its secretary.

Immediately a deluge of applications and petitions descended on the committee table. Almost continuous sessions will be necessary to give hearings to all those desiring it and to work out a program of party declarations in time for submission to the convention tomorrow.

Arrangements were made for a subcommittee to work on disputed questions of policy, including the party's stand on the league of nations and other outstanding issues still in contest.

THE WEATHER
Forecast for Ohio: Generally fair tonight and tomorrow; warmer in east portion tonight.

SLUTHS CONDUCT WHISKY ROUNDUP

New York, June 9.—Federal prohibition enforcement agents operating out of New York made their first important raid since the supreme court declared aridity legal. Swooping down on a farmhouse in the hills near Pearl River, N. Y., they seized whisky valued at \$50,000 and arrested a former New York saloonkeeper.
According to the officers, the whisky had been stolen from consignments being legally transported by motor truck to New Jersey and Pennsylvania points. Three more men are said to be sought in the case.
Two Elizabeth N. J. brewers announced that they would keep up the production of one-half of 1 per cent beer and soft drinks. They say that the mild beverage is in as great demand as "regular" beer before prohibition.

Senator Kellogg, of Minnesota, a "mild reservationist" opposed the Borah idea.
Both Borah and Kellogg were said to be in accord that there should be no mention of the League reservations in the league plank, but that it should be confined to an endorsement of the action of the Republican majority of the senate in refusing to accept the league covenant as it was sponsored by President Wilson.

If they have their way, Senator Johnson will be placed in the position of having to retire from the race or continuing as a contender with the prospect of being a candidate who does not approve of the platform upon which he stands.

BALLOTING SHOWN FOR FORMER YEARS

A glance at convention records since Lincoln was nominated in 1860 discloses the unusual prospects for the present one.
In those conventions the balloting was as follows:

Year	Nominee	No. of ballots
1860	Lincoln	3
1864	Lincoln	1
1868	Grant	1
1872	Grant	1
1876	Hayes	7
1880	Garfield	36
1884	Blaine	4
1888	Harrison	8
1892	Harrison	1
1896	McKinley	1
1900	McKinley	acclamation
1904	Roosevelt	acclamation
1908	Taft	1
1912	Taft	1
1916	Hughes	3

WATSON NAMED COMMITTEE HEAD

Chicago, June 9.—The committee on resolutions of the Republican national convention formally organized by electing Senator Watson of Indiana its chairman and Isaac N. Ullman of Connecticut its secretary.
Immediately a deluge of applications and petitions descended on the committee table. Almost continuous sessions will be necessary to give hearings to all those desiring it and to work out a program of party declarations in time for submission to the convention tomorrow.
Arrangements were made for a subcommittee to work on disputed questions of policy, including the party's stand on the league of nations and other outstanding issues still in contest.

The other day our neighbor
Bought a new car.
It wasn't exactly a new car,
But it was a new car for him.
It had not been driven
More than 3,000 miles.
And Mr. and Mrs. Neighbor
Were the talk of our block.
He bought it from a gentleman
He had never seen before.
And after he had owned it
Three days and had bought
Four new tires and had

The upholstery renewed

And was just about to take
The family out
For the first time
A large, homely policeman
Whose heart was not a heart,
But a mere pumping station,
Came and took the car
From in front of the house
And drove it to the police station.
The car had been stolen
From a very rich man
Who had made his money
Selling goods to our neighbor
At the usual war prices.
So he got his car back
And four new tires and
Our neighbor is walking
And shoes are \$16 a pair.

ANNOUNCEMENT.

The editor of this column has steadfastly refused to listen to delegations from all parts of the country asking us to run for the presidency. We have given them no hope, although they have been frantic in their assertions that we and we only can pull the country out of the hole and set it on its feet.

While we believe this is true, we cannot accept the presidency, and a few days ago we published a list of reasons why we cannot.

Now, however, we have made up our mind to allow our friends to use our name in connection with the vice presidency. As a result of long years in the public eye, with the limelight of pitiless publicity focused upon us, our doctor informs us that we are in need of a long rest, far from the maddening crowd—a complete vacation in the darkest obscurity. We must be far from interviewers and absolutely undisturbed for a period of four years.

Our specialist recommends the vice presidency as being the only asylum of this kind in the world.

If elected, we shall serve our country as inconspicuously as possible.

Everything is divided equally in this world. The poor man has the appetite and the rich man has the food.

We laid in our next winter's supply of coal in April, and it is more than half gone already.

What You Will Be Tomorrow Depends Upon What You Do For Your Health Today—

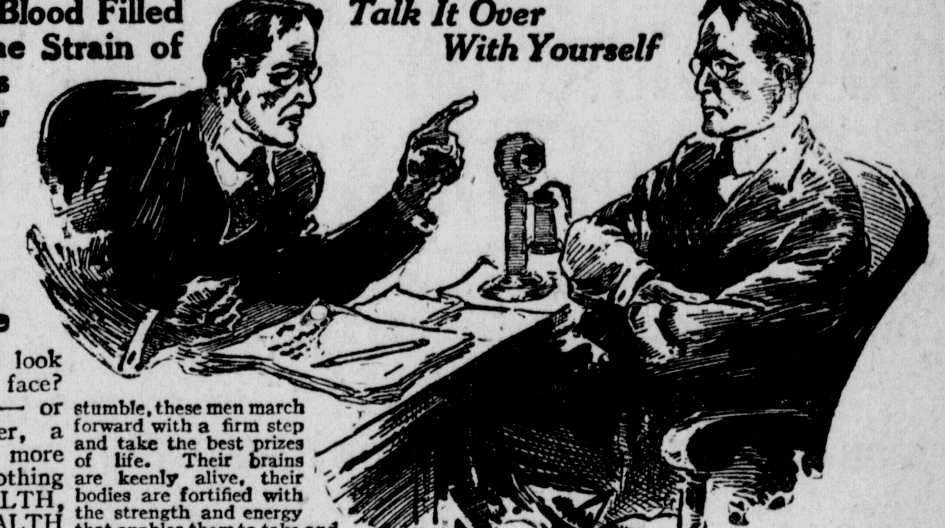

You Must Keep Your Blood Filled With Iron To Stand the Strain of Modern Day Life Says Physician—Explains How Nuxated Iron Helps Build Red Blood Strength and Endurance

Have you ever stopped to look yourself squarely in the face? Are you getting anywhere? — or just drifting—a little weaker, a little more nervous, a little more run-down every day? Nothing slips away so easily as **HEALTH**. Unless YOU hold fast to **HEALTH** by your own efforts—by keeping your blood pure, red and rich in iron—the day may come when all you can do is **WISH** you had acted sooner. Physicians explain below how to help make rich, red blood and increase strength, power and endurance, through the health-giving, strength-building power of organic iron—Nuxated Iron—which is now being used by over three million people annually.

"Success is in the blood," says Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of the City of New York. "There are men whom fate can never keep down. They triumph over difficulties and ill-fortune active successful men and women of today because they have within them the never-failing source of courage, confidence and power—pure, red blood, rich in stamina-building iron. Where others hesitate and

stumble, these men march forward with a firm step and take the best prizes of life. Their brains are keenly alive, their bodies are fortified with the strength and energy that enables them to take and keep the best the world has to offer. But in the rush and tear of modern day life, many a man and woman neglects to keep their blood filled with strength-building iron and as a result they find themselves on the verge of a physical and nervous breakdown at a time when they should be enjoying their best years. In my view every man who is lagged out by worry, opinion, physicians cannot emphasize too work and other strains to build up his strength, energy and endurance by taking some form of organic iron—Nuxated Iron—for I consider it one of the foremost blood and body builders; the best to which I have ever had recourse."

MANUFACTURER'S NOTE: Nuxated Iron, which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older iron preparations it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows: "N" into accepting inferior substitutes. The manufacturer guarantees successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists in tablet form only.

Have you ever stopped to look yourself squarely in the face? Are you getting anywhere? — or just drifting — a little weaker, a little more nervous, a little more run-down every day? stumble, these men march forward with a firm step and take the best prizes of life. Their brains are keenly alive, their bodies are fortified with the strength and energy that enables them to take and keep the best the world has to offer. But in the rush and tear of modern day life, many a man and woman neglects to keep their blood filled with strength-building iron and as a result they and themselves on the verge of a physical and nervous breakdown at a time when they should be enjoying their best years. In my opinion, physicians cannot emphasize too strongly the necessity of keeping the blood pure and red with plenty of iron, and I believe they should at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, in commenting upon the foregoing statement, says: "Every keen, active successful man and woman of today recognizes that a sound, strong body is the basis of all real achievement and they have no stone turned to safeguard their building iron. Where others hesitate and

makes a man a physical and mental weakling, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. I strongly advise every man who is fagged out by worry, work and other strains to build up his strength, energy and endurance by taking some form of organic iron—Nuxated Iron—for I consider it one of the foremost blood and body builders, the best to which I have ever had recourse."

Manufacturers' Note: Nuxated Iron, which is recommended above is not a secret remedy but one which is well known to druggists everywhere. MARRIAGE TAKES PLACE AT PARSONAGE.

The marriage of Miss Marianna Mundhenk, daughter of Mr. and Mrs. William Mundhenk of the Stone Road to Mr. Frank Holfard of Springfield, was celebrated at ten thirty o'clock Wednesday morning at the parsonage of Trinity church. The pastor, the Rev. V. F. Brown, D. D., who is ill, sat up long enough to perform the ceremony, the ring service being used.

The attendants were Mr. and Mrs. D. S. Mundhenk of Worcester, Mass., brother and sister-in-law of the bride a recent bridal pair. The bride was gown in Alice blue silk, and wore a picture hat of white net. She carried a shower of white roses.

Mrs. Mundhenk wore her wedding gown of peacock blue silk trimmed with shadow lace. Her hat was a feathered French model. She carried bride's maid's roses. The ceremony was followed by a wedding breakfast at the bride's home. After a short honeymoon trip Mr. and Mrs. Mundhenk will be at their new home in Springfield.

SOCIETIES JOIN IN ANNIVERSARY MEET.

Queen Esther Circle joined with the Women's Home Missionary Society of Trinity church, in the celebration of the fortieth anniversary of the Methodist Episcopal church Tuesday night.

A supper followed by a program, took place in the dining rooms of the church, and covers were laid for eighty. Baskets of roses adorned the tables, and the cross and flag emblems of the society were used about the rooms.

A feature of the program which followed the supper was the singing of the fortieth anniversary campaign songs which were arranged for the celebrations which are taking place all over the country in honor of the founding of the society.

Mrs. Frank Bickett, as president of the auxiliary presided. Mrs. M. A. Broadstone, who was president of the first society organized at Trinity church, gave an interesting little talk regarding the early history of the organization. Other charter members who were present were Mrs. W. A. Labron and Miss Belle Gatch.

Mrs. Helen Smith Spahr gave a toast, "A Challenge to You," and another toast, "You," was given by Mrs. George Street.

The ruby is the gem indicating the fortieth anniversary, and members of the society who are subscribers to the missionary magazine, "Woman's Home Missions" were privileged to wear the ruby badge.

A substantial birthday offering for missions was received.

Mrs. Anna Shelly, Miss Rose Berry and the latter's nieces, Elizabeth and Catherine Davis, of Dayton, went to St. Martin's, Brown county, yesterday to attend the commencement festivities at the Ursuline school, where Miss Margaret Shelly will graduate Thursday. THE UNITED STATES SUPREME COURT SAYS NATIONAL PROHIBITION IS THE LAW OF THE LAND.

Notwithstanding the fact that Secretary of State Lansing had made announcement on the 29th day of January, 1919, that the 18th amendment to the Constitution of the United States, prohibiting the manufacture and sale of liquor had been ratified by the required number of State Legislatures, and was the law of the nation, continued effort has right along been made by the liquor interests to thwart this decision by all manner of contentions. It is not necessary to enumerate the various devices that have been resorted to, as the papers have been filled with accounts of them. But at last they have come to an end, by the sweeping and unanimous decision of the Supreme Court of the United States, on Monday, June 7th, deciding against all of them. For this the country has been waiting, and for it millions of people are today saying thank God. They knew National Prohibition had been adopted, but they feared for the efforts of the distillers and brewers in their last ditch struggle to in some way over throw the law. But they have come to the end of their string at last.

Long and bitter has been the battle with this hydra-headed monster of Evil. As the cause of Wretchedness in the world it was the most potent agency. And the taxes it piled up for sober people to pay for the jails, penitentiaries, poor houses, hospitals, etc., far outstripped all income which it ever repaid. Already the nation is feeling relief from the incubus.

The Court's opinion rendered by Justice Willis Van Devanter, was sweeping. It held that the amendment not only came within the amending power conferred by the Federal constitution, but was proposed lawfully and now was the law of the land.

Concurrent power granted by the amendment to Federal and state governments to enforce prohibition, the Court further held, "does not enable Congress or the state to defeat or thwart prohibition, but only to enforce by appropriate means."

Regarding arguments to the effect that a state having constitutional referendum provisions could not have been said to have ratified the amendment until it had been submitted to the voters, the Court cited its opinion rendered last Monday in the Ohio referendum cases, in which it held that such referendum provisions did not apply to Federal amendments.

While New York, New Jersey and Wisconsin acts permitting manufacture and sale of beverages of more than one half of one per cent, alcoholic content were not involved directly, the decision was interpreted as in validating them.

You may have forgotten the conclusive wording of the 18th Amendment. It is as follows: "After one year from the ratification of this article, the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited. Congress and the several States shall have concurrent power to enforce this article by appropriate legislation."

There you are, and you see that the sale of liquor since the 29th day of January, 1920, has been strictly unlawful, and only allowed at the dictates of the distillers and brewers on various pretenses, but now they have the word with the bark on that this must stop.

MODERN BUSINESS METHODS IN THE MANAGEMENT OF CHURCH AFFAIRS.

Bruce Barton, addressing the Federal Council of Churches at Cleveland, declared that the Bible is the best treatise on salesmanship and that St. Paul was the ablest of salesmen. He "sold religion to Athens when it was fearfully overstocked with religions of its own; and he did it by making a survey of the situation and utilizing conditions at hand, just as a modern salesman must do."

Mr. Barton's comment was offered in connection with the discussion of modern business methods in the management of church affairs. Some people seem to think that because a church is engaged in teaching the beauty of holiness and in effort for the extension of the kingdom of the spirit it has no need of worldly wisdom. But the example and the precept of St. Paul instruct us differently. The charitable and the pious perform their most effectual service when they enlist the schooled and organized efforts of their following, not depending on sporadic zeal, a flame of emotional fervor that leaps up and straightway dies down like a fire in straw.

The principles of sound business and the creed of the true religion are not antipathetic. It does not help any church to be slipshod and lackadaisical in the work of its boards or the executive control of its institutions, and it is no excuse for a haphazard, hit-or-miss way of doing things to plead that the doers are serving the Lord. It is, in fact, a form of sacrilege to insult the Deity with poor work that any secular concern would repudiate.

The strong churches today are the churches that have applied the principles that lead to success in secular affairs. The practical side does not expel the spiritual; consecration and enthusiasm are more likely to be found where the church is conducted efficiently and frictionlessly than in cases where there is no discipline, no assignment of duties and functions, no business system.

A modern pastor has no light task. He must be a man of God and a man among men as well. His executive capacity is of even greater moment than his theological erudition. If it is irrelevant to be an able executive, then St. Paul was one of the most irrelevant of men.—Public Ledger.

THE CAMPAIGN.

Let's have a clean campaign, devoid of squabbles vain, to candidates and kindred skates a courteous mein maintain. Let's hold no long disputes with eloquent galoots, not fill the air with fur and hair, and bricks and rocks and boots. It's useless to get sore and rant and walk the floor, convincing jakes of their mistakes—they'll make the same some more. It's useless to see red, and punch your neighbor's head; because that wight may well be right, when all is done and said. The statesmen roam along and chant the same old song; if they get in they'll banish sin, and outlaw every wrong. I hear the siren tune the smooth old statesmen croon, and much it means to horse marines, and people in the moon. But I have heard it sung since days when I was young; and I am wise to all such guys, for often live been stung. And so, while others scrap, and yammer, yip and yap, I prune my trees and herd my bees, and keep some smiles on tap.

VIGILANCE EXERCISED IN APPREHENDING SPEED VIOLATORS

Vigilance in the matter of automobile speed regulation here will be increased in order to break up speeding according to City Manager Kenyon Riddle.

Due discretion and proper leniency will be practiced in all arrests but strict observance of the speed regulations will be required according to instructions given the police department and Speed Officer Dotson.

The city is operating under the state speed laws which it is powerless to change or modify and which require that an excess of 15 miles an hour in the business district and 20 miles an hour in the residence district of any municipality, shall be considered speeding. Autoists should be acquainted with this state law, and should abide by it in operating in this city, it is pointed out.

Excess of the mileage provided by the state law shall be considered as speeding according to the local instructions, and autoists driving at that rate make themselves liable to arrest and fine. The fact that the motorist's speedometer is out of order shall not be considered a valid excuse, for speeding and shall not be taken as such in police court. The speedometer used by the speed officer is tested and registers correct.

Clark Stethem, Speed Officer last year, who resigned his position as brakeman on the Pennsylvania railroad recently is substituting as speed officer this week because of Dotson's machine being out of order. The crankcase on the officer's motorcycle was broken when he was speeding in an attempt to catch a machine Sunday.

MISSIONARY SOCIETY CELEBRATES ORGANIZATION

The fortieth anniversary of the founding of the General Women's Home Missionary Society of the Methodist Episcopal church, and the thirty eighth anniversary of the Second Auxiliary of the W. H. M. S. of the First M. E. church were celebrated at the parsonage of the First church Tuesday night.

The celebration was in the nature of a reception, and took on the form of an ovation to Miss Clara Allen, who founded the Second Auxiliary 38 years ago. Three of the ten charter members, who were a band of little girls called the "Cheerful Workers" were present at the reception, and they presented to Miss Allen a brooch set with diamonds, and 38 red and white carnations significant of the thirty eight years of the society's history. The brooch was presented by Mrs. George Hudson, one of the three charter members, who paused to make the gift, while reading a paper on the history of the local society. Mrs. L. A. Parrett presented the flowers. Mrs. Hudson, her sister, Mrs. Mae Scott, Compton, and Miss Maud Ebright were the three charter members present. Placing Miss Allen in the center, the three joined hands about her while a third circle was formed of those who joined the auxiliary when it was re-organized in 1905, and the newer members completed another circle. From the little band of ten children, the auxiliary has grown into a membership of over 100.

The first auxiliary, which is not quite so old as the second auxiliary, joined in the celebration. Miss Allen's mother had organized the adult members into the first auxiliary, while Miss Allen worked among the children. The ovation which was tendered her was a surprise to Miss Allen. An interesting history of the general society was read by Miss Allen before the ovation took place.

The musical part of the program consisted of songs sung by several young colored girls from Cottage 14 at the O. S. and S. O. Home, in charge of Mrs. March, the girls representing the missionary work which is being done by the society among the colored people in the South, and a violin solo by Miss Irene Parrett, who was accompanied on the piano by Miss

Over 125 people attended the celebration, and the parsonage was decorated in flags, flowers and the cross, the insignia of the society. Mrs. C. E. Bennett was chairman of the committee in charge of the arrangement for the celebration and Mrs. S. O. Hale was in charge of the program. Brick ice cream, cake and minis were served later in the evening.

REMODELS BUILDING FOR APARTMENT

Ed. Wood, owner of the Knox building on West Main street next to his barber shop, is having the second floor of the building remodeled up for an apartment and will move his family there as soon as it is completed.

A stairway is being cut in the east side of the building leading to the apartments from the outside and the apartment will have a five large rooms and a bath. It is possible that the third floor will also be remodeled into living apartments.

C. F. Logan, insurance agent and secretary of the Woodland Cemetery Association, has removed his office from the Baldwin-Fletcher establishment on East Main street, to the office of Attorney W. S. Howard, on East Main street, which he will occupy jointly with Mr. Howard.

Harold Ledbetter, of this city, who is connected with the City National Bank, Dayton, has been selected as one of the delegates from the Dayton Chapter of The American Institute of Bankers, to attend the Na-

tional Convention of that organization to be held in Boston next week. Mr. Ledbetter will attend the convention and will combine business with pleasure, expecting to take several side trips while in the East. The officials of the convention have planned among other things a trip to Plymouth for the delegates, in connection with the Pilgrim celebration being held there.

TRUCK PARADE HERE TO EXPLOIT TRUCK FOR USE ON FARMS

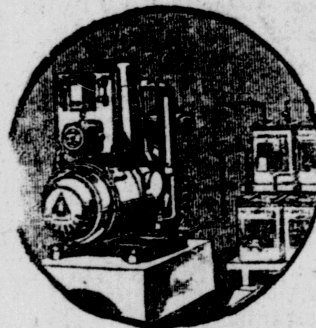

Nine trucks in the motor truck parade held under the auspices of the Springfield Truck Dealers Association and advertising the truck for farm use visited this city Wednesday afternoon.

The truck parade was met by C. A. Weaver, and L. C. Tingley, president and secretary of the Chamber of Commerce, and a number of local truck dealers and escorted in a parade about the city and to the Court House where a string trio furnished music for the crowd that gathered.

E. M. Baker, representing the Springfield association, was introduced by Mr. Tingley and addressed the meeting speaking briefly of the advantages in labor and expenses saved by the use of trucks on the farm, referring to the shortness of labor at the present.

The truck parade came here from Jamestown and left shortly after two o'clock for Yellow Springs, whence the trucks will go to Springfield and disband. The tour was conducted through a number of different towns and cities in the neighborhood of Springfield.

THE UNITED STATES SUPREME COURT SAYS NATIONAL PROHIBITION IS THE LAW OF THE LAND.

Notwithstanding the fact that Secretary of State Lansing had made announcement on the 29th day of January, 1919, that the 18th amendment to the Constitution of the United States, prohibiting the manufacture and sale of liquor had been ratified by the required number of State Legislatures, and was the law of the nation, continued effort has right along been made by the liquor interests to thwart this decision by all manner of contentions. It is not necessary to enumerate the various devices that have been resorted to, as the papers have been filled with accounts of them. But at last they have come to an end, by the sweeping and unanimous decision of the Supreme Court of the United States, on Monday, June 7th, deciding against all of them. For this the country has been waiting, and for it millions of people are today saying thank God. They knew National Prohibition had been adopted, but they feared for the efforts of the distillers and brewers in their last ditch struggle to in some way over throw the law. But they have come to the end of their string at last.

Long and bitter has been the battle with this hydra-headed monster of Evil. As the cause of Wretchedness in the world it was the most potent agency. And the taxes it piled up for sober people to pay for the jails, penitentiaries, poor houses, hospitals, etc., far outstripped all income which it ever repaid. Already the nation is feeling relief from the incubus.

The Court's opinion rendered by Justice Willis Van Devanter, was sweeping. It held that the amendment not only came within the amending power conferred by the Federal constitution, but was proposed lawfully and now was the law of the land.

Concurrent power granted by the amendment to Federal and state governments to enforce prohibition, the Court further held, "does not enable Congress or the state to defeat or thwart prohibition, but only to enforce by appropriate means."

Regarding arguments to the effect that a state having constitutional referendum provisions could not have been said to have ratified the amendment until it had been submitted to the voters, the Court cited its opinion rendered last Monday in the Ohio referendum cases, in which it held that such referendum provisions did not apply to Federal amendments.

While New York, New Jersey and Wisconsin acts permitting manufacture and sale of beverages of more than one half of one per cent, alcoholic content were not involved directly, the decision was interpreted as in validating them.

You may have forgotten the condusive wording of the 18th Amendment. It is as follows: "After one year from the ratification of this article, the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited. Congress and the several States shall have concurrent power to enforce this article by appropriate legislation."

There you are, and you see that the sale of liquor since the 29th day of January, 1920, has been strictly unlawful, and only allowed at the dictates of the distillers and brewers on various pretenses, but now they have the word with the bark on that this must stop.

MODERN BUSINESS METHODS IN THE MANAGEMENT OF CHURCH AFFAIRS.

Bruce Barton, addressing the Federal Council of Churches at Cleveland, declared that the Bible is the best treatise on salesmanship and that St. Paul was the ablest of salesmen. He "sold religion to Athens when it was fearfully overstocked with religions of its own; and he did it by making a survey of the situation and utilizing conditions at hand, just as a modern salesman must do."

Mr. Barton's comment was offered in connection with the discussion of modern business methods in the management of church affairs. Some people seem to think that because a church is engaged in teaching the beauty of holiness and in effort for the extension of the kingdom of the spirit it has no need of worldly wisdom. But the example and the precept of St. Paul instruct us differently. The charitable and the pious perform their most effective service when they enlist the schooled and organized efforts of their following, not depending on sporadic zeal, a flame of emotional fervor that leaps up and straightway dies down like a fire in straw.

The principles of sound business and the creed of the true religion are not antipathetic. It does not help any church to be slipshod and lackadaisical in the work of its boards or the executive control of its institutions, and it is no excuse for a haphazard, hit-or-miss way of doing things to plead that the doers are serving the Lord. It is, in fact, a form of sacrilege to insult the Deity with poor work that any secular concern would repudiate.

The strong churches today are the churches that have applied the principles that lead to success in secular affairs. The practical side does not expel the spiritual; consecration and enthusiasm are more likely to be found where the church is conducted efficiently and frictionlessly than in cases where there is no discipline, no assignment of duties and functions, no business system.

A modern pastor has no light task. He must be a man of God and a man among men as well. His executive capacity is of even greater moment than his theological erudition. If it is irreligious to be an able executive, then St. Paul was one of the most irreligious of men.—Public Ledger.

THE CAMPAIGN.

Let's have a clean campaign, devoid of squabbles vain, to candidates and kindred skates a courteous mein maintain. Let's hold no long disputes with eloquent galoots, not fill the air with fur and hair, and bricks and rocks and boots. It's useless to get sore and rant and walk the floor, convincing jakes of their mistakes—they'll make the same some more. It's useless to see red, and punch your neighbor's head; because that might may well be right, when all is done and said. The statesmen roam along and chant the same old song; if they get in they'll banish sin, and outlaw every wrong. I hear the siren tune the smooth old statesmen croon, and much it means to horse marines, and people in the moon. But I have heard it sung since days when I was young; and I am wise to all such guys, for often I've been stung. And so, while others scrap, and yammer, yip and yap, I prune my trees and herd my bees, and keep some smiles on tap.

VIGILANCE EXERCISED IN APPREHENDING SPEED VIOLATORS

Vigilance in the matter of automobile speed regulation here will be increased in order to break up speeding according to City Manager Kenyon Riddle.

Due discretion and proper leniency will be practiced in all arrests but strict observance of the speed regulations will be required according to instructions given the police department and Speed Officer Dotson.

The city is operating under the state speed laws which it is powerless to change or modify and which require that an excess of 15 miles an hour in the business district and 20 miles an hour in the residence district of any municipality, shall be considered speeding. Autoists should be acquainted with this state law, and should abide by it in operating in this city, it is pointed out.

Excess of the mileage provided by the state law shall be considered as speeding according to the local instructions, and autoists driving at that rate make themselves liable to arrest and fine. The fact that the motorist's speedometer is out of order shall not be considered a valid excuse, for speeding, and shall not be taken as such in police court. The speedometer used by the speed officer is tested and registers correct.

Clak Stethem, Speed Officer last year, who resigned his position as brakeman on the Pennsylvania railroad recently is substituting speed officer this week because of Dotson's machine being out of order. The crankcase on the officer's motorcycle was broken when he was speeding in an attempt to catch a machine Sunday.

It is best to be careful to use the proper size of tires for the weight of your car. Secure expert advice regarding the use of oversize tires and use them as recommended. Never drive your car unless the tires are inflated to the proper pressure.

Avoid driving in ruts and car tracks as much as possible. Repair all small cuts in the casing as soon as they appear.

Easy starting and stopping is necessary to prolong the life of the tires. Avoid excessive speed especially in warm weather.

In making tire changes, when it is possible or convenient put the new tire on the rear and shift the rear tire to the front wheel on the opposite side of the car.

GREAT REMOVAL SALE

Moving from one house to another is bad enough, but moving a store from one location to another is ten times worse. Yet that is what we are compelled to do and that, too, right in the midst of a very busy season.

We have purchased the lease and Furniture Stock of LeRoy Brower and our present lines are to be combined with that stock on July 1st.

The new location will be 36-38 W. Main street. But our present stock must be greatly reduced. The market prices of today and the small amount of available merchandise does not warrant a sale of any sort but extra expense and trouble of moving would be no small item.

It is best to be careful to use the proper size of tires for the weight of your car. Secure expert advice regarding the use of oversize tires and use them as recommended. Never drive your car unless the tires are inflated to the proper pressure.

Avoid driving in ruts and car tracks as much as possible. Repair all small cuts in the casing as soon as they appear.

Easy starting and stopping is necessary to prolong the life of the tires. Avoid excessive speed especially in warm weather.

In making tire changes, when it is possible or convenient put the new tire on the rear and shift the rear tire to the front wheel on the opposite side of the car.

THE UNITED STATES SUPREME COURT SAYS NATIONAL PROHIBITION IS THE LAW OF THE LAND.

Notwithstanding the fact that Secretary of State Lansing had made announcement on the 29th day of January, 1919, that the 18th amendment to the Constitution of the United States, prohibiting the manufacture and sale of liquor had been ratified by the required number of State Legislatures, and was the law of the nation, continued effort has right along been made by the liquor interests to thwart this decision by all manner of contentions. It is not necessary to enumerate the various devices that have been resorted to, as the papers have been filled with accounts of them. But at last they have come to an end, by the sweeping and unanimous decision of the Supreme Court of the United States, on Monday, June 7th, deciding against all of them. For this the country has been waiting, and for it millions of people are today saying thank God. They knew National Prohibition had been adopted, but they feared for the efforts of the distillers and brewers in their last ditch struggle to in some way over throw the law. But they have come to the end of their string at last.

Long and bitter has been the battle with this hydra-headed monster of Evil. As the cause of Wretchedness in the world it was the most potent agency. And the taxes it piled up for sober people to pay for the jails, penitentiaries, poor houses, hospitals, etc., far outstripped all income which it ever repaid. Already the nation is feeling relief from the incubus.

The Court's opinion rendered by Justice Willis Van Devanter, was sweeping. It held that the amendment not only came within the amending power conferred by the Federal constitution, but was proposed lawfully and now was the law of the land.

Concurrent power granted by the amendment to Federal and state governments to enforce prohibition, the Court further held, "does not enable Congress or the state to defeat or thwart prohibition, but only to enforce by appropriate means."

Regarding arguments to the effect that a state having constitutional referendum provisions could not have been said to have ratified the amendment until it had been submitted to the voters, the Court cited its opinion rendered last Monday in the Ohio referendum cases, in which it held that such referendum provisions did not apply to Federal amendments.

While New York, New Jersey and Wisconsin acts permitting manufacture and sale of beverages of more than one half of one per cent, alcoholic content were not involved directly, the decision was interpreted as in validating them.

You may have forgotten the condusive wording of the 18th Amendment. It is as follows: "After one year from the ratification of this article, the manufacture, sale, or transmission of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited. Congress and the several States shall have concurrent power to enforce this article by appropriate legislation."

There you are, and you see that the sale of liquor since the 29th day of January, 1920, has been strictly unlawful, and only allowed at the dictates of the distillers and brewers on various pretenses, but now they have the word with the bark on that this must stop.

MODERN BUSINESS METHODS IN THE MANAGEMENT OF CHURCH AFFAIRS.

Bruce Barton, addressing the Federal Council of Churches at Cleveland, declared that the Bible is the best treatise on salesmanship and that St. Paul was the ablest of salesmen. He "sold religion to Athens when it was fearfully overstocked with religions of its own; and he did it by making a survey of the situation and utilizing conditions at hand, just as a modern salesman must do."

Mr. Barton's comment was offered in connection with the discussion of modern business methods in the management of church affairs. Some people seem to think that because a church is engaged in teaching the beauty of holiness and in effort for the extension of the kingdom of the spirit it has no need of worldly wisdom. But the example and the precept of St. Paul instruct us differently. The charitable and the pious perform their most effectual service when they enlist the schooled and organized efforts of their following, not depending on sporadic zeal, a flame of emotional fervor that leaps up and straightway dies down like a fire in straw.

The principles of sound business and the creed of the true religion are not antipathetic. It does not help any church to be slipshod and lackadaisical in the work of its boards or the executive control of its institutions, and it is no excuse for a haphazard, hit-or-miss way of doing things to plead that the doers are serving the Lord. It is, in fact, a form of sacrilege to insult the Deity with poor work that any secular concern would repudiate.

The strong churches today are the churches that have applied the principles that lead to success in secular affairs. The practical side does not expel the spiritual; consecration and enthusiasm are more likely to be found where the church is conducted efficiently and frictionlessly than in cases where there is no discipline, no assignment of duties and functions, no business system.

A modern pastor has no light task. He must be a man of God and a man among men as well. His executive capacity is of even greater moment than his theological erudition. If it is irreligious to be an able executive, then St. Paul was one of the most irreligious of men.—Public Ledger.

THE CAMPAIGN.

Let's have a clean campaign, devoid of squabbles vain, to candidates and kindred skates a courteous mein maintain. Let's hold no long disputes with eloquent gloats, not fill the air with fur and hair, and bricks and rocks and boots. It's useless to get sore and rant and walk the floor, convincing jakes of their mistakes—they'll make the same some more. It's useless to see red, and punch your neighbor's head; because that might may well be right, when all is done and said. The statesmen roam along and chant the same old song; if they get in they'll banish sin, and outlaw every wrong. I hear the siren tune the smooth old statesmen croon, and much it means to horse marines, and people in the moon. But I have heard it sung since days when I was young; and I am wise to all such guys, for often I've been stung. And so, while others scrap, and yammer, yip and yap, I prune my trees and herd my bees, and keep some smiles on tap.

VIGILANCE EXERCISED IN APPREHENDING SPEED VIOLATORS

Vigilance in the matter of automobile speed regulation here will be increased in order to break up speeding according to City Manager Kenyon Riddle.

Due discretion and proper leniency will be practiced in all arrests but strict observance of the speed regulations will be required according to instructions given the police department and Speed Officer Dotson.

The city is operating under the state speed laws which it is powerless to change or modify and which require that an excess of 15 miles an hour in the business district and 20 miles an hour in the residence district of any municipality, shall be considered speeding. Autoists should be acquainted with this state law, and should abide by it in operating in this city, it is pointed out.

Excess of the mileage provided by the state law shall be considered as speeding according to the local instructions, and autoists driving at that rate make themselves liable to arrest and fine. The fact that the motorist's speedometer is out of order shall not be considered a valid excuse, for speeding, and shall not be taken as such in police court. The speedometer used by the speed officer is tested and registers correct.

Clark Stethem, Speed Officer last year, who resigned his position as brakeman on the Pennsylvania railroad recently is substituting as speed officer this week, because of Dotson's machine being out of order. The crankcase on the officer's motorcycle was broken when he was speeding in an attempt to catch a machine Sunday.

Society

MISSIONARY SOCIETY CELEBRATES ORGANIZATION

The fortieth anniversary of the founding of the General Women's Home Missionary Society of the Methodist Episcopal church, and the thirty eighth anniversary of the Second Auxiliary of the W. H. M. S. of the First M. E. church were celebrated at the parsonage of the First church Tuesday night.

The celebration was in the nature of a reception, and took on the form of an ovation to Miss Clara Allen, who founded that Second Auxiliary 38 years ago. Three of the ten charter members, who were a band of little girls called the "Cheerful Workers" were present at the reception, and they presented to Miss Allen a brooch set with diamonds, and 38 red and white carnations significant of the thirty eight years of the society's history. The brooch was presented by Mrs. George Hudson, one of the three charter members, who paused to make the gift, while reading a paper on the history of the local society. Mrs. L. A. Parrett presented the flowers. Mrs. Hudson, her sister, Mrs. Mae Scott Compton, and Miss Maud Ebright were the three charter members present. Placing Miss Allen in the center, the three joined hands about her while a third circle was formed of those who joined the auxiliary when it was re-organized in 1905, and the newer members completed another circle. From the little band of ten children, the auxiliary has grown into a membership of over 100.

The first auxiliary, which is not quite so old as the second auxiliary, joined in the celebration. Miss Allen's mother had organized the adult members into the first auxiliary, while Miss Allen worked among the children. The ovation which was tendered her was a surprise to Miss Allen. An interesting history of the general society was read by Miss Allen before the ovation took place.

The musical part of the program consisted of songs sung by several young colored girls from Cottage 14 at the O. S. and S. O. Home, in charge of Mrs. March, the girls representing the missionary work which is being done by the society among the colored people in the South, and a violin solo by Miss Irene Parrett, who was accompanied on the piano by Miss

"JUST ONE" GETS RESULTS EVERY TIME

Only Laxatives That Keep on Giving Satisfaction and "Never Wear Out."

The same identical result from the same dose, now or after years of use, is what you get from "Just One" that no other laxative can offer.

"Just One" cannot wear out or get your system accustomed to it, as other laxatives always do. You don't change from "Just One" to something else, because you are already changing with every dose of "Just One" you take. Twenty tablets, alike in appearance, but each a different laxative, and acting upon different organs or sets of organs, in each box of "Just One." You cannot take the same kind twice from the same box, so you cannot get your system accustomed to and unresponsive to these tablets. That's why "Just One" never wears out.

Keeps your whole system active and uncongested instead of pounding upon one organ all the time. This is the ideal, the modern, the scientific way.

You'll want "Just One." of course. Any druggist anywhere can get "Just One" for you or we will send it postpaid upon receipt of 25c per box. Ferritone Chemical Co., Council Bluffs, Iowa.

Theda Downing. Mrs. Hudson, Mrs. Compton and Miss Ebright sang an old missionary song "Go Ye Into All the World," which they learned as children.

Over 125 people attended the celebration, and the parsonage was decorated in flags, flowers and the cross, the insigna of the society. Mrs. C. E. Bennett was chairman of the committee in charge of the arrangement for the celebration and Mrs. S. O. Hale was in charge of the program. Brick ice cream, cake and mints were served later in the evening.

REMODELS BUILDING FOR APARTMENT

Ed. Wood, owner of the Knox building on West Main street next to his barber shop, is having the second floor of the building remodeled up for an apartment and will move his family there as soon as it is completed.

A stairway is being put in the east side of the building leading to the apartments from the outside and the apartment will have a five large rooms and a bath. It is possible that the third floor will also be remodeled into living apartments.

C. F. Logan, insurance agent and secretary of the Woodland Cemetery Association, has removed his office from the Baldwin-Fletcher establishment on East Main street, to the office of Attorney W. S. Howard, on East Main street, which he will occupy jointly with Mr. Howard.

Harold Ledbetter, of this city, who is connected with the City National Bank, Dayton, has been selected as one of the delegates from the Dayton Chapter of The American Institute of Bankers, to attend the Na-

tional Convention of that organization to be held in Boston next week. Mr. Ledbetter will attend the convention and will combine business with pleasure, expecting to take several side trips while in the East. The officials of the convention have planned among other things a trip to Plymouth for the delegates, in connection with the Pilgrim celebration being held there.

TRUCK PARADE HERE TO EXPLOIT TRUCK FOR USE ON FARMS

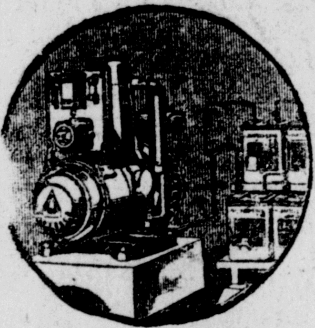

Nine trucks in the motor truck parade held under the auspices of the Springfield Truck Dealers Association and advertising the truck for farm use visited this city Wednesday afternoon.

The truck parade was met by C. A. Weaver, and L. C. Tingley, president and secretary of the Chamber of Commerce, and a number of local truck dealers and escorted in a parade about the city and to the Court House where a string trio furnished music for the crowd that gathered.

E. M. Baker, representing the Springfield association, was introduced by Mr. Tingley and addressed the meeting speaking briefly of the advantages in labor and expenses saved by the use of trucks on the farm, referring to the shortness of labor at the present.

The truck parade came here from Jamestown and left shortly after two o'clock for Yellow Springs, whence the trucks will go to Springfield and disband the tour was conducted through a number of different towns and cities in the neighborhood of Springfield.

But at last they have come to an end, by the sweeping and unanimous decision of the Supreme Court of the United States, on Monday, June 7th, deciding against all of them. For this the country has been waiting, and for it millions of people are today saying thank God. They knew National Prohibition had been adopted, but they feared for the efforts of the distillers and brewers in their last ditch struggle to in some way over throw the law. But they have come to the end of their string at last.

Long and bitter has been the battle with this hydra-headed monster of Evil. As the cause of Wretchedness in the world it was the most potent agency. And the taxes it piled up for sober people to pay for the jails, penitentiaries, poor houses, hospitals, etc., far out stripped all income which it ever repaid. Already the nation is feeling relief from the incubus.

The Court's opinion rendered by Justice Willis Van Devanter, was sweeping. It held that the amendment not only came within the amending power conferred by the Federal constitution, but was proposed lawfully and now was the law of the land.

Concurrent power granted by the amendment to Federal and state governments to enforce prohibition, the Court further held, "does not enable Congress or the state to defeat or thwart prohibition, but only to enforce by appropriate means."

Regarding arguments to the effect that a state having constitutional referendum provisions could not have been said to have ratified the amendment until it had been submitted to the voters, the Court cited its opinion rendered last Monday in the Ohio referendum cases, in which it held that such referendum provisions did not apply to Federal amendments.

While New York, New Jersey and Wisconsin acts permitting manufacture and sale of beverages of more than one half of one per cent, alcoholic content were not involved directly, the decision was interpreted as in validating them.

You may have forgotten the condusive wording of the 18th Amendment. It is as follows: "After one year from the ratification of this article, the manufacture, sale, or transmission of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited. Congress and the several States shall have concurrent power to enforce this article by appropriate legislation."

There you are, and you see that the sale of liquor since the 29th day of January, 1920, has been strictly unlawful, and only allowed at the dictates of the distillers and brewers on various pretenses, but now they have the word with the bark on that this must stop.

MODERN BUSINESS METHODS IN THE MANAGEMENT OF CHURCH AFFAIRS.

Bruce Barton, addressing the Federal Council of Churches at Cleveland, declared that the Bible is the best treatise on salesmanship and that St. Paul was the ablest of salesmen. He "sold religion to Athens when it was fearfully overstocked with religions of its own; and he did it by making a survey of the situation and utilizing conditions at hand, just as a modern salesman must do."

Mr. Barton's comment was offered in connection with the discussion of modern business methods in the management of church affairs. Some people seem to think that because a church is engaged in teaching the beauty of holiness and in effort for the extension of the kingdom of the spirit it has no need of worldly wisdom. But the example and the precept of St. Paul instruct us differently. The charitable and the pious perform their most effectual service when they enlist the schooled and organized efforts of their following, not depending on sporadic zeal, a flame of emotional fervor that leaps up and straightway dies down like a fire in straw.

The principles of sound business and the creed of the true religion are not antipathetic. It does not help any church to be slipshod and lackadaisical in the work of its boards or the executive control of its institutions, and it is no excuse for a haphazard, hit-or-miss way of doing things to plead that the doers are serving the Lord. It is, in fact, a form of sacrilege to insult the Deity with poor work that any secular concern would repudiate.

The strong churches today are the churches that have applied the principles that lead to success in secular affairs. The practical side does not expel the spiritual; consecration and enthusiasm are more likely to be found where the church is conducted efficiently and frictionlessly than in cases where there is no discipline, no assignment of duties and functions, no business system.

A modern pastor has no light task. He must be a man of God and a man among men as well. His executive capacity is of even greater moment than his theological erudition. If it is irrelevant to be an able executive, then St. Paul was one of the most irrelevant of men.—Public Ledger.

THE CAMPAIGN.

Let's have a clean campaign, devoid of squabbles vain, to candidates and kindred skates a courteous mein maintain. Let's hold no long disputes with eloquent galoots, not fill the air with fur and hair, and bricks and rocks and boots. It's useless to get sore and rant and walk the floor, convincing jakes of their mistakes—they'll make the same some more. It's useless to see red, and punch your neighbor's head; because that might may well be right, when all is done and said. The statesmen roam along and chant the same old song; if they get in they'll banish sin, and outlaw every wrong. I hear the siren tune the smooth old statesmen croon, and much it means to horse marines, and people in the moon. But I have heard it sung since days when I was young; and I am wise to all such guys, for often I've been stung. And so, while others scrap, and yammer, yip and yap, I prune my trees and herd my bees, and keep some smiles on tap.

VIGILANCE EXERCISED IN APPREHENDING SPEED VIOLATORS

Vigilance in the matter of automobile speed regulation here will be increased in order to break up speeding according to City Manager Kenyon Riddle.

Due discretion and proper leniency will be practiced in all arrests but strict observance of the speed regulations will be required according to instructions given the police department and Speed Officer Dotson.

The city is operating under the state speed laws which it is powerless to change or modify and which require that an excess of 15 miles an hour in the business district and 20 miles an hour in the residence district of any municipality, shall be considered speeding. Autoists should be acquainted with this state law, and should abide by it in operating in this city, it is pointed out.

Excess of the mileage provided by the state law shall be considered as speeding according to the local instructions, and autoists driving at that rate make themselves liable to arrest and fine. The fact that the motorist's speedometer is out of order shall not be considered a valid excuse, for speeding and shall not be taken as such in police court. The speedometer used by the speed officer is tested and registers correct.

Clark Stethem, Speed Officer last year, who resigned his position as brakeman on the Pennsylvania railroad recently is substituting as speed officer this week because of Dotson's machine being out of order. The crankcase on the officer's motorcycle was broken when he was speeding in an attempt to catch a machine Sunday.

MISSIONARY SOCIETY CELEBRATES ORGANIZATION

The fortieth anniversary of the founding of the General Women's Home Missionary Society of the Methodist Episcopal church, and the thirty eighth anniversary of the Second Auxiliary of the W. H. M. S. of the First M. E. church were celebrated at the parsonage of the First church Tuesday night.

The celebration was in the nature of a reception, and took on the form of an ovation to Miss Clara Allen, who founded the Second Auxiliary 38 years ago. Three of the ten charter members, who were a band of little girls called the "Cheerful Workers" were present at the reception, and they presented to Miss Allen a brooch set with diamonds, and 38 red and white carnations significant of the thirty eight years of the society's history. The brooch was presented by Mrs. George Hudson, one of the three charter members, who paused to make the gift, while reading a paper on the history of the local society. Mrs. L. A. Farrett presented the flowers. Mrs. Hudson, her sister, Mrs. Mae Scott, Compton, and Miss Maud Ebright were the three charter members present. Placing Miss Allen in the center the three joined hands about her while a third circle was formed of those who joined the auxiliary when it was re-organized in 1905, and the newer members completed another circle. From the little band of ten children, the auxiliary has grown into a membership of over 100.

The first auxiliary, which is not quite so old as the second auxiliary, joined in the celebration. Miss Allen's mother had organized the adult members into the first auxiliary, while Miss Allen worked among the children. The ovation which was tendered her was a surprise to Miss Allen. An interesting history of the general society was read by Miss Allen before the ovation took place.

The musical part of the program consisted of songs sung by several young colored girls from Cottage 14 at the O. S. and S. O. Home, in charge of Mrs. March, the girls representing the missionary work which is being done by the society among the colored people in the South, and a violin solo by Miss Irene Parrett, who was accompanied on the piano by Miss

"JUST ONE" GETS RESULTS EVERY TIME

Only Laxatives That Keep on Giving Satisfaction and "Never Wear Out."

The same identical result from the same dose, now or after years of use, is what you get from "Just One" that no other laxative can offer.

"Just One" cannot wear out or get your system accustomed to it, as other laxatives always do. You don't change from "Just One" to something else, because you are already changing with every dose of "Just One" you take. Twenty tablets, alike in appearance, but each a different laxative, and acting upon different organs or sets of organs, in each box of "Just One." You cannot take the same kind twice from the same box, so you cannot get your system accustomed to and unresponsive to these tablets. That's why "Just One" never wears out.

Keeps your whole system active and uncongested instead of pounding upon one organ all the time. This is the ideal, the modern, the scientific way.

You'll want "Just One," of course. Any druggist anywhere can get "Just One" for you or we will send it post-paid upon receipt of 25c per box. Ferritone Chemical Co., Council Bluffs, Iowa.

Theda Downize. Mrs. Hudson, Mrs. Compton and Miss Ebright sang an old missionary song "Go Ye Into All the World," which they learned as children.

Over 125 people attended the celebration, and the parsonage was decorated in flags, flowers and the cross, the insignia of the society. Mrs. C. E. Bennett was chairman of the committee in charge of the arrangements for the celebration and Mrs. S. O. Hale was in charge of the program.

Brick ice cream, cake and mints were served later in the evening.

REMODELS BUILDING FOR APARTMENT

Ed. Wood, owner of the Knox building on West Main street next to his barber shop, is having the second floor of the building remodeled up for an apartment and will move his family there as soon as it is completed.

A stairway is being cut in the east side of the building leading to the apartments from the outside and the apartment will have a five large rooms and a bath. It is possible that the third floor will also be remodeled into living apartments.

C. F. Logan insurance agent and secretary of the Woodland Cemetery Association, has removed his office from the Baldwin-Fletcher establishment on East Main street, to the office of Attorney W. S. Howard, on East Main street, which he will occupy jointly with Mr. Howard.

Harold Ledbetter, of this city, who is connected with the City National Bank, Dayton, has been selected as one of the delegates from the Dayton Chapter of The American Institute of Bankers, to attend the Na-

tional Convention of that organization to be held in Boston next week. Mr. Ledbetter will attend the convention and will combine business with pleasure, expecting to take several side trips while in the East. The officials of the convention have planned among other things a trip to Plymouth for the delegates, in connection with the Pilgrim celebration being held there.

TRUCK PARADE HERE TO EXPLOIT TRUCK FOR USE ON FARMS

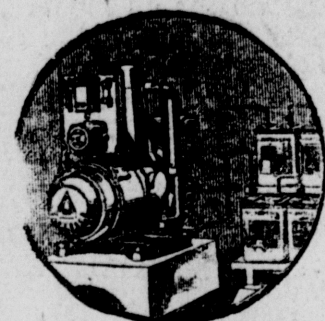

Nine trucks in the motor truck parade held under the auspices of the Springfield Truck Dealers Association and advertising the truck for farm use visited this city Wednesday afternoon.

The truck parade was met by C. A. Weaver, and L. C. Tingley, president and secretary of the Chamber of Commerce, and a number of local truck dealers and escorted in a parade about the city and to the Court House where a string trio furnished music for the crowd that gathered.

E. M. Baker, representing the Springfield association, was introduced by Mr. Tingley and addressed the meeting speaking briefly of the advantages in labor and expenses saved by the use of trucks on the farm, referring to the shortness of labor at the present.

The truck parade came here from Jamestown and left shortly after two o'clock for Yellow Springs, whence the trucks will go to Springfield and disband. The tour was conducted through a number of different towns and cities in the neighborhood of Springfield.

GREAT REMOVAL SALE

Moving from one house to another is bad enough, but moving a store from one location to another is ten times worse. Yet that is what we are compelled to do and that, too, right in the midst of a very busy season.

We have purchased the lease and Furniture Stock of LeRoy Brower and our present lines are to be combined with that stock on July 1st.

The new location will be 36-38 W. Main street. But our present stock must be greatly reduced. The market prices of today and the small amount of available merchandise does not warrant a sale of any sort but extra expense and trouble of moving would be no small item.

MRS. ALICE M'GERVEY DIES TUESDAY NIGHT AFTER OPERATION

Never rallying after she passed into a coma Sunday morning following an operation for thyroid trouble, Mrs. Alice Mowrer McGervey, wife of Walter E. McGervey, of Dayton, died at midnight Tuesday at Grant Hospital, Columbus. The surgery was performed last Saturday, and was apparently a success, but a toxic condition caused her to pass into a coma at 5 o'clock the following morning. She had been a patient at the hospital for three weeks when the operation took place.

Mrs. McGervey's death is the third that has occurred in her family within little more than a year. Her sister, Mrs. Fred B. Zartman (Mary Mowrer) died of a similar trouble the latter part of May 1919, and her mother, Mrs. I. S. Mowrer, passed away last January. The third tragedy in the family within so short a space of time, has shocked and grieved their friends.

Mrs. McGervey was born in Xenia and graduated from Xenia high school. Her marriage to Mr. McGer-

THE BEGINNING OF A NEW LIFE

Bulgaria and Oriental Europe Produce Sturdiest People. Do you want to feel from 10 to 30 years younger? Do you want to know the joy of Perfect Health? You can get back the spirit of youth, your eyes will sparkle with new life and the rich glow of health will replace the faded yellow skin. Bulgarian Blood Tea, used for centuries in Oriental Europe, is the most reasonable medicinal family preparation known in the world today. Composed of choice and rare herbs, just brewed by yourself and taken once or twice a week, will be the beginning of a new life for you. Your blood will become rich and pure; the flames of life will be rekindled—no more headaches, stiffness, constipation, indigestion or bone-racking aches or pains. Bulgarian Blood Tea is guaranteed to contain just pure herbs of enormous medicinal and curative power gathered from fields, mountains and valleys of Europe, Asia and Africa. All drug stores now keep Bulgarian Blood Tea in stock, but owing to the enormous demand immediate application to your druggist is urged on account of the limited source of supply. Distributors of Bulgarian Blood Tea are authorized to return the full purchase price if it does not materially improve your health in three weeks time. This evidence of faith in the power of Bulgarian Blood Tea is the guarantee of the Marvel Products Co., Marvel Building, Pittsburgh, who authorize this public announcement.

vey took place 15 years ago, and their home was here until a few years ago when they moved to Dayton after Mr. McGervey's appointment as cashier for the East Dayton Savings and Banking Company, of which institution he is now president. Surviving Mrs. McGervey are her husband, her father, I. S. Mowrer, two brothers, and two sisters, Frank R. Mowrer, of Los Angeles, Cal., Charles B. Mowrer, of Xenia, Miss Helen Mowrer, of Dayton, and Mrs. Charles Hamilton, of Elizabeth, N. J.

The body was brought to Xenia Wednesday afternoon and taken to the home of Mr. McGervey's mother, Mrs. Julia D. McGervey, on North King street. Funeral arrangements will be announced later.

DEFICIENCY MADE UP

State Emergency Board today made a grant of \$151,000 to the State Board of Administration for use in making up a deficiency in state institution food bills caused by the rising cost of living.

PAIR WORK SAME GAME TWICE ON EAST END WOMEN

It is believed that the same clever colored "con" men, who worked the old pocket game on Mrs. Millie Penn, closed, fr \$231 last Thursday also played the same game on Mrs. Lottie Dotch, colored 1233 East Main street, Saturday morning according to a report made to police Tuesday.

For sample Cuticura Talcum, a fascinating fragrance. Address: Cuticura Laboratories, Dept. X, Malden, Mass.

Mrs. Dotch was not as heavy a loser as Mrs. Penn the "con" men securing \$50 from her, all the money she had at the time. The game was worked on the streets on Mrs. Dotch the first "con" man meeting her on South Detroit street, and walking up the street with her while he questioned her about the banks and building and loans.

At the corner of Main and Detroit streets, they witnessed the second man pick up the pocketbook. When the question of a division of the spoils was broached, Mrs. Dotch was reluctant but the other insisted

he should have her hare and for that purpose took her to her home on East Main street to get the \$50 she had there. For her share she holds a receipt given by the man who picked up the pocket book.

THE UNIVERSAL CAR

Weak Links in a Strong Chain

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there—the strong, durable Vanadium steel that goes into the Ford chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use. Some require a hard, flint-like wearing surface, others need resiliency, and some need just "toughness."

Ford metallurgists have been studying these problems for sixteen years and know just how each unit can be obtained only by the use of special formulas for different parts, and that honest Ford parts wear from thirty-five to one hundred per cent longer than counterfeits.

We carry complete assortments of genuine Ford parts for both passenger cars and trucks. And our garage is equipped to give careful, prompt Ford service—from minor adjustments to complete over hauls. Drive in, it's better to be safe than sorry. Come to the Authorized Ford dealer for service.

EVERY GROUP AT G. O. P. MEET HAS SHARE OF FAMOUS MEN

In upper group are, left to right: Senators McCumber, Curtis, Calder, Lodge, Harding, Brandegee, New, Capper and Phipps. Small group, left to right: Congressman C. B. Slomp of Virginia, Senator Curtis, and Senator Lenroot.

Every one of the groups of delegates and visitors to the G. O. P. convention, seen about the candidates' headquarters and hotel lobbies, has its notables—men who have been in the public eye in former years or in the recent political news. The two glimpses above show this. Senator Lodge was the man chosen to deliver the party's keynote

speech. Senator Harding is Ohio's favorite son. Senator Lenroot is listed among the possible dark horses.

BRITISH ARE RELEASED

London, June 9.—The Bolsheviks have released all the remaining British prisoners in Russia, aside from ordinary criminals, at the request of the British labor delegation, which is visiting Russia, according to a Moscow dispatch to the Daily Herald.

SECRET ORDERS OPPOSED

Greeley, Colo., June 9.—Secret societies are "contrary to the spirit of Jesus Christ" and tend to become a substitute for the church, said a resolution adopted yesterday by the National Synod of the Reformed Presbyterian church in session here. The resolution reaffirmed the doctrine of the church which generally is opposed to such organizations.

ST. BRIGID'S HOLDS ANNUAL PICNIC

Members of St. Brigid's Parochial High school, went to Bryan Park at Yellow Springs, Wednesday afternoon for their annual picnic. School was closed for the half holiday because of the picnic. Mrs. J. D. Holenamp and Mrs. William Fletcher, accompanied the children as chaperons. The girls of the classes brought basket lunches which were served at supper time.

CARD OF THANKS.

We wish to thank friends and neighbors for their kindness during the sickness and death of Josephine Adams.

NOTED ENGINEER OUT WITH FACTS

Says The Results He Got From Tanlac Were Nothing Less Than Wonderful.

Captain Andy Ospring, engineer on the Pennsylvania railroad, pulling the fast train known as Keystone Express between Terre Haute and St. Louis, declares that the results he has received from Tanlac are nothing less than wonderful.

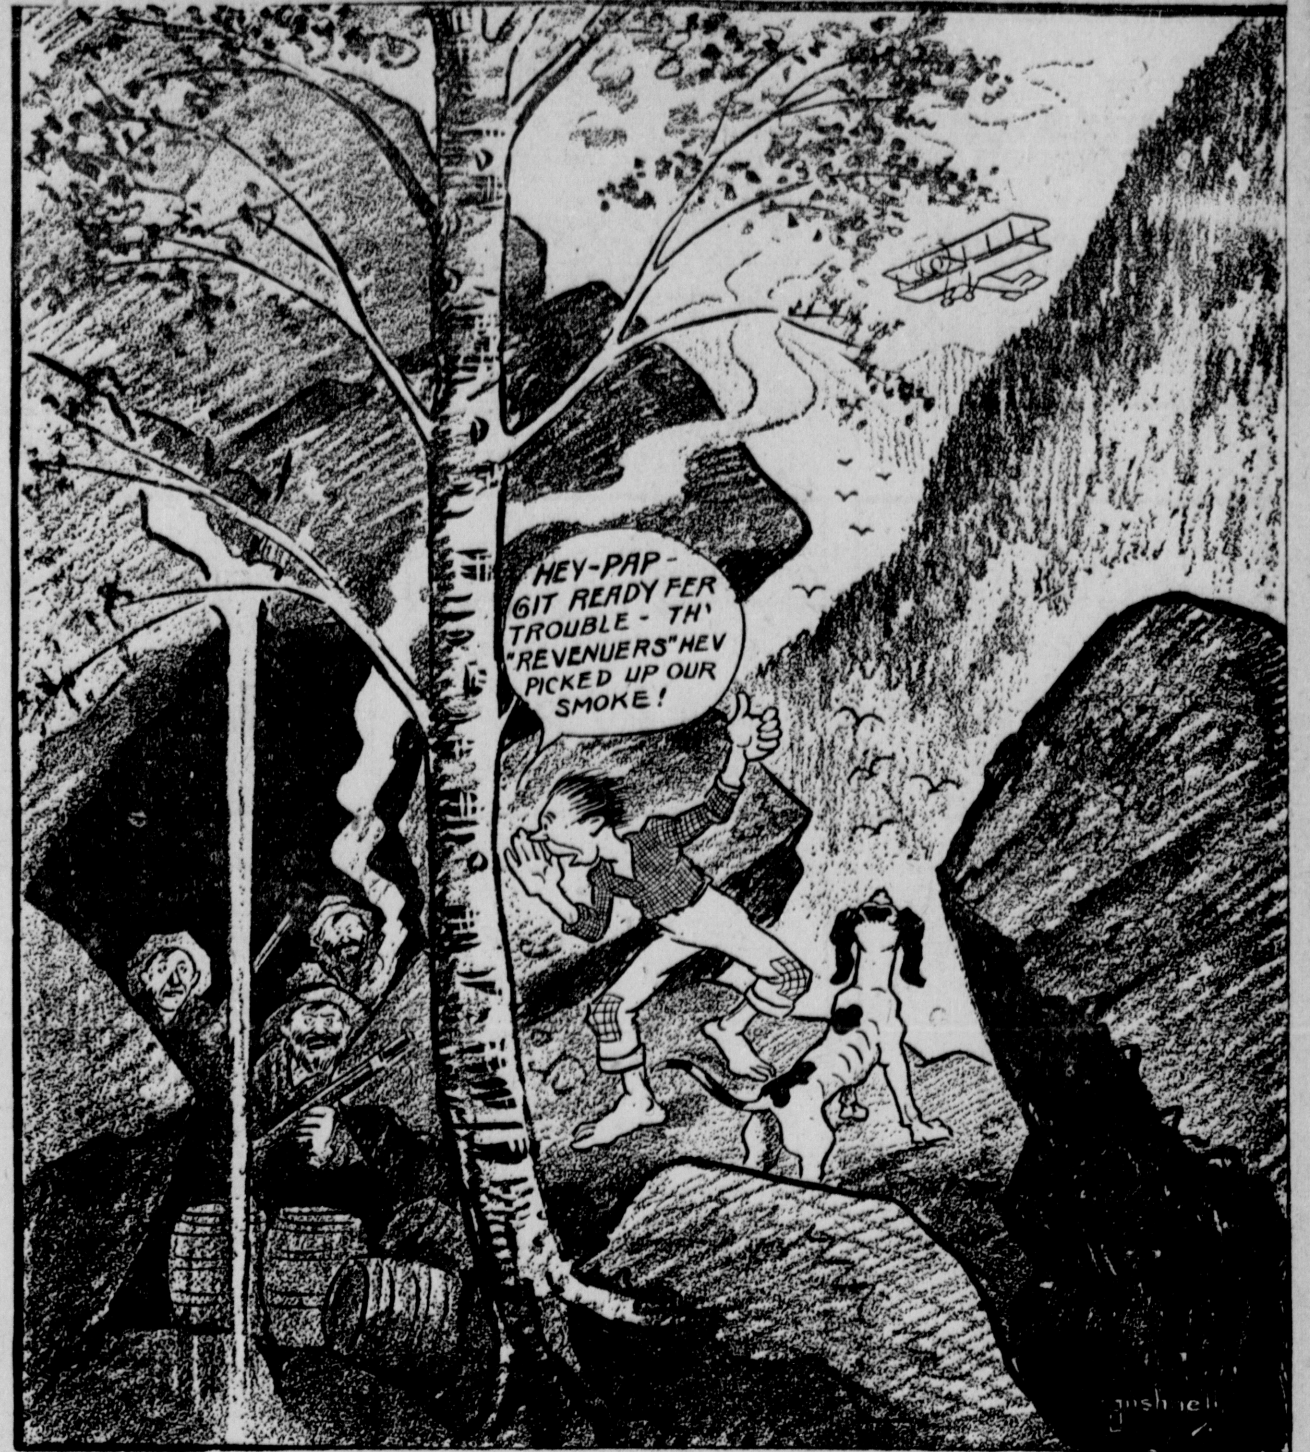

Captain Ospring has been engineer on the Pennsylvania railroad for the past forty years and is one of the best known and most popular men in the service of this road. Relating his experience with Tanlac to friends in Terre Haute, a few days ago, Captain Ospring said:

"Tanlac will always get a good recommendation from me for the results I have received from it are nothing less than wonderful. Before taking this medicine I had suffered from weak stomach, loss of appetite, sluggish liver and a run-down condition for several years. I could never enjoy anything to eat, suffered with severe pains in my back and chest, and was continually losing weight. The pains in my back were so severe that I could hardly bend over, couldn't even sit comfortably in my cab, and invariably finished my run feeling all tired out. I had gotten to where I dreaded to make my runs and had lost several trips on account of feeling so bad."

"I had taken lots of different kinds of medicines, but all failed until I found Tanlac. A friend of mine in Terre Haute put me on to Tanlac and that was the turning point with me. Three bottles of this medicine have fixed me up in fine shape and my weight has been increased eleven pounds. I have a fine appetite, don't have a pain of any kind, and feel all of fifteen years younger. I make my trips regularly, never losing any time, and come in from my runs without feeling all tired out like I used to. A medicine that will do such things is certainly worth while and I will always say a good word for Tanlac."

Tanlac is sold in Xenia by Sayre & Hemphill, in Yellow Springs by A. Finley; Bowersville, N. K. Bowerheister; Fairfield, Paul P. Young; Osborn, C. T. Logsdon; New Burlington, W. C. Smith.

WHEN THE MOONSHINERS' LOOKOUT SIGHTS THE REVENUE AIRPLANE

Is It Yours

THIS IS THE BIRTHDAY OF SCHAMYL
JUNE 9, 1797.

Schamyl, who was the great patriot and leader of the Circassian tribes which defied Russia for so many years, was born on June 9, 1797. He did not come into world-wide prominence until he was about 37 years old. At that time he became the leader of the Circassian hordes which kept the entire Russian army at bay for a great many years.

The only thing Russia was able to do that hurt him was to capture his 9-year-old son. He offered many prisoners and enormous fortunes as a ransom, but the Russians would not give up the boy. For 15 years he tried to be revenged. Finally he captured two Russian princesses and compelled the Czar to give him back his son in exchange. But even this was not revenge, for the boy had grown up in civilization and hated to exchange it for the wild life of his people. He died three years later.

Schamyl continued to defy the Russian army, living in the mountains and forests like an old chief in ancient history. He had three wives and an adoring people and an army that would follow him to the death. Finally, however, the Russians did capture him, but instead of killing him they took him to St. Petersburg, where society made a pet of this curious personality. There Schamyl fell in love with civilization, and ended his days happily in a city house which the Czar gave him.

Miss Edith Neeld is leaving Saturday for Newark, N. J., to visit her brother and sister-in-law, Mr. and Mrs. Paul Neeld.

THE ENIGMA.

That monster of the western coast is now within the prison's gate; his wives, when counted, made a host, and he had murdered ten or eight. He married girls wherever he went, and you, on hearing this, will say, "He must have been a winning gent, who had a fascinating way." But no, he had a feline face, a wolfish mouth, a furtive air; as shy of beauty as of grace—yet he won brides most everywhere. The blooming damsels seemed to see in Bluebeard Watson things that charm; and when he said, "Wilt marry me?" They answered him, "You bet your arm." And so they decked themselves in white, and with him sought the altar rail, and at the finish of the rite he butchered them and swiped their kale. And I could name a dozen lads, all loaded down with sterling worth, who've searched for brides in many grads, who searched in vain throughout the earth. I have no doubt the Bluebeard wives refused the hands of many men who have no blemish on their lives, who are not headed for the pen. I cannot understand those maids who'll blithely marry unknown knaves, of wolfish men, who carry spades, with which to dig the ladies' graves.

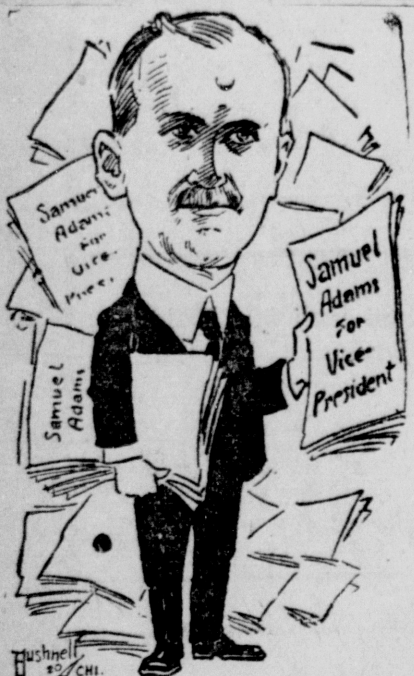

LOCAL TWIRLER GETS MANY OFFERS

Curt Free, local baseball pitcher, has been kept as busy as a catcher with Ty Cobb on the sacks, the last few days, accepting and rejecting offers to play ball with different teams in this section.

Curt has been performing for the Wilmington Clintons for the last few Sundays, several other players from this section, including Les Stiles, of Xenia and Mike Weller, and Jesse

Weaver of Bellbrook, also playing with the Quakers. The latter have been meeting some crack teams from the K. I. O. league out of Cincinnati. This week Free will probably go to Urbana, where he has an excellent offer for the afternoon's pastime. Bids for his services have also been made from Lynchburg and Wilmington, where he relieved Hieronimus last Sunday and won his game.

Mr. and Mrs. Lawrence Manor entertained for dinner Sunday Mr. and Mrs. Earl Soward, Miss Edith Schneider of Dayton, Miss Ruth Burrell and Howard Manor.

SAMUEL ADAMS wants the nomination for the vice presidency. Even if he loses out it's good advertising for his business. He owns a big fruit farm in Greenwood, Va.

CHATTER

There was a commotion in the theater, and the attendant was seen ejecting a man. The man was spitting angrily when the manager came into the lobby.

"Why did you eject this man?" asked the manager.

"He was hissing the performance," replied the attendant.

"Why did you hiss the performance?" asked the manager.

"I d-d-d-didn't h-h-h-hiss," stammered the man. "I m-m-m-m-ly s-s-s-said t-t-t-to m-m-m-my f-f-f-friend beside me: 'S-S-S-S-Sammy, is-s-s-n't the s-s-s-s-sing s-s-s-s-superb?'"

A staff officer on duty somewhere in France came across a sergeant's guard in charge of a small batch of German prisoners, one of whom had by the exigencies of warfare, presumably barbed wire, lost his nether garments, and was promenading in a gracefully draped piece of sack, the rest of his uniform being quite correct. Naturally the staff officer asked the reason for the unusual garb. Said the sergeant: "I dunno what he is, sir, exactly, but we suspect that he's a German Highlander."

"Colonel, you are considered a connoisseur of good liquor."

"So some say."

"How does one become a connoisseur?"

"It is very simple. If the liquor doesn't kill you, it's good."

POINDEXTER ONE OF DARK HORSES AT G. O. P. MEET

Sen. Miles Poindexter and Mrs. Poindexter, photographed at the convention.

Miles Poindexter, senator from Washington, is listed among the "dark horses" in the race for the Republican presidential nomination. Mrs. Poindexter is with him at the convention.

On Monday evening, May 31st, 1920, the curtain of death was drawn for Josephine Adams. Having been born on Dec. 21st, 1853, she was 66 years, 5 months and 10 days old.

She was the daughter of Nimrod and Susan Adams, who with the other seven children, Jackson, Joe and Harvey Adams, Mrs. Ellen Borton, ulia Stephens, Jane Cohagen and Harriet Bales, have preceded her in death.

Miss Adams has been a life long member in good standing and of regular attendance of the Methodist Protestant Church of Paintersville, where she joined as a young lady of about 18 or 20 years of age, during the ministry of Rev. Howells. She has always lived around Paintersville and is well known, so whatever we might say will not add or take away from her life. But we would like to say in memorial, that many, many people will miss Jos because of her friendliness and steadiness of life. The present pastor will be among those; for her regular attendance and respectful attention during worship has been an inspiration to him and would be to any shepherd that loves his flock. Her influence and good deeds will be remembered and cherished by all.

"We live in deeds, not years; in thoughts, not breaths; in feelings, not in figures on the dial. We should count time by heart throbs. He most lives who thinks most, feels noblest, acts the best."

TO CLEAR THE SKIN

It is possible to clear the complexion temporarily of such annoyances as pimples and blackheads by using external medicines. By these, of course, I mean ether and alcohol and sulphur to dry up the eruptions, or carbolate vaseline to act as an antiseptic, or any of the many lotions prepared for clearing the skin. But such means are always temporary. If there are impurities in the system, they will break out again in new eruptions.

The only way to make the skin clear and keep it so, is to begin from the inside. In almost all cases the trouble is with the stomach or the bowels. Laxatives will help to a certain extent though their habitual use is not to be recommended. Mineral oil is better, agar still better, and many people find that the very best results are obtained by using compressed yeast.

These things are all very well and should be given a fair trial. Meantime a strict diet should be maintained so that no further poisons can collect in a system already overstocked with them. But the very best thing I think for all ordinary cases of skin eruption is the drinking of plenty of water every day.

Water flushes the system, aids digestion, and overcomes constipation. Eight glasses a day is not too much to drink. The first glass should be taken hot as soon as you get up, and preferably half an hour before breakfast. A pinch of soda or a little lemon juice can be added to this. The heat stimulates the digestion and the acid or soda puts the stomach in excellent conditions to receive the new supply of food. After that the water to be drunk should be cool, but not cold, for cold water chills the stomach

A Flu Victim—Cut your hair off as short as possible and massage the scalp thoroughly every night, using a good hair tonic three times a week.

Just Hats

A huge, delicately shaded pink rose screens the crown from the front—and three small roses are caught charmingly in the lacy net veil that tumbles from the brim.

AN ASSURANCE OF GOOD HEALTH

This is the time of year when the regulation of the excretory organs is of utmost importance to the general health.

health. Clogging of the system sets up inflammation that often is the underlying cause of acute diarrhea and its dangerous sequelae.

Duffee's Fifty-Fifty Tonic Laxative Tablets induce normal action of the bowels, regulating them to answer the demands of the system. Waste matter is gently cleared out before the system suffers from its fermentation, and the entire alimentary tract is toned up to do the work properly.

Used as directed, Duffee's Fifty-Fifty Tonic Laxative is assurance of health during hot weather. Your grocer or your druggist will supply you for only 25 cents.

SHOOTS SELF IN ROW OVER PICTURE

Springfield, June 9.—Quarreling with her husband over the possession of a picture she had taken some time ago, Mrs. Elizabeth Gomer, colored, 19, 343 Raffensperger avenue, shot herself yesterday and died at the city hospital at 7:15 o'clock last night.

Coroner Howard Austin adjudged the case plain suicide and will not conduct a post mortem. Otho Homer, 19, claimed that he wanted a picture of his wife that she had but she gave it to a girl friend. When he reproached her and told her she should have given it to him, she went in the next room, procured the revolver and shot herself.

WOMAN POLITICAL PARTY PLANNED BY SUFFRAGE ALLIANCE

Geneva, June 9.—Formation of a woman political party perhaps international in scope, was urged today by Miss Eleanor Rathbone, one of the

English delegates to the eighth congress of the International Suffrage Alliance.

"Women must act together as a body on both national and international questions," said Miss Rathbone. "We want the contribution of women to political life to be absolutely distinct. We must have non-partisan organizations of women everywhere. This will be distasteful to the old time political organizations, but it has got to be. There were some amongst us who thought when we got the vote the time for ex solidarity was over. Why, that time has just arrived."

After that the water to be drunk should be cool, but not cold, for cold water chills the stomach

and makes the work of digestion harder. Brown Eyes and Juanita—Hair that comes out and breaks off, or a scalp that is full of dandruff, requires oil as a treatment. I would advise crude oil applied hot, or sulphur ointment.

A Flu Victim—Cut your hair off as short as possible and massage the scalp thoroughly every night, using a good hair tonic three times a week.

Drawn from actual photograph taken March 10th, 1920, in Carnegie Hall, New York.

Mr. Flagg's Story

of the Miraculous Proof given at Carnegie Hall, New York, on March 10th, 1920.

"Miss Case draped her beautiful self against the phonograph. One of her song recordings was put on the instrument, and they, Miss Case and the phonograph, sang together. Then she stopped, and her other self continued. Then together again. "I looked away and then back again, and it puzzled me to determine which was at the bat.

The Pianist

"Then the tallest pianist in the civilized world played a charming thing, accompanied by himself via the phonograph, lifting his fingers away from the keys now and again. I could see him stop playing, but I couldn't hear him stop.

The Dark Scene

"Then the big stunt of the recital. "Miss Case began singing with the phonograph. At a certain stanza the house was suddenly darkened. The song went on. I was shooting my ears out like periscopes to detect the second when she would stop. I was sure I got it. Then she seemed to be back again. The flood of lights came on, but no Anna! Only the phonograph singing away.

It was quite wonderful, and the audience applauded and laughed. Two girls behind me said "Googracious!"

Read what the New York papers say:

"The twin-ship between Miss Case's singing, and the reproduction thereof, proved so close as to be often indistinguishable."

—New York Globe.

"When the lights were lowered, it was impossible to tell when it was Anna Case, and when it was only her voice that was singing."

—New York Evening Sun.

"The voice in the fluffy pink draperies and the voice in the mahogany box seemed one and the same."

—New York Evening Mail.

Hear the phonograph that baffled James Montgomery Flagg

Come in and test its marvelous realism for yourself

An audience of 2800 New Yorkers completely baffled! An Official Laboratory Model did it—actually rivalled Anna Case, one of the world's most brilliant sopranos, in a startling test at Carnegie Hall, on March 10th, 1920.

In our store, you can hear an instrument exactly like this famous Official Laboratory Model. You can test it for yourself—and see what a truly perfect realism it attains. We have equipped ourselves to give Mr. Edison's unique Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

The instrument used on March 10th, 1920, in Carnegie Hall, New York, was an exact duplicate of the original Official Laboratory Model on which Mr. Edison spent three million dollars in research work.

We, too, have an exact duplicate of this three million dollar original. We guarantee that it is capable of sustaining precisely the same test made on March 10th, in Carnegie Hall, New York City.

This guarantee will be given in writing, if you wish.

Our Budget Plan puts this guaranteed Official Laboratory Model within your reach. It's a thrifty way of buying. Ask about it when you come to hear the Realism Test.

123 WAS ANNOYED BY CATARRH OF HEAD

Marietta man says his nose was stopped up every morning; phlegm in his throat and breath foul. Nothing he ever took helped him like Dreco did.

"Every morning it would take me a couple of hours to get my nose and throat cleared out, which I knew was catarrh," said Mr. S. B. Fruse, who resides on 8th St., Marietta, O.

"I kept hawking and spitting and continually clearing my throat; my breath was foul and my breathing was difficult. I used several sprays and creams in my nose, but they didn't seem to help much. This Dreco medicine has certainly helped me. My head is clear; in fact, every symptom of catarrh is much better."

"I also had aching pains in my back and my stomach was in a bad condition, as it filled up with gas after every meal and was very painful; I sometimes wondered if I had catarrh of the stomach; I didn't sleep well and often got dizzy."

"Dreco has brought about a big change in my feelings, and I gladly commend it to all sufferers."

The one positive way to overcome catarrh is through the blood. The blood absorbs Dreco very quickly and takes it to the weak parts of the body, where its tonic and strengthening effects are soon felt.

Dreco contains no iron, mercury, potash or other harsh mineral, but is made from juices and extracts of many herbal plants, which act pleasantly on the vital organs.

All good druggists now sell Dreco and it is being especially introduced here by

FAVORITE DISHES.
Mint Butter—Chop fine sufficient mint leaves to measure three tablespoons and place on a plate and add two tablespoons of butter. Work to a smooth paste and then spread over the chops and dust lightly with paprika just before serving.
Spanish Steak—One pound round steak, salt and pepper both sides; place in skillet.
Take one medium sized onion chopped fine, two green peppers (chopped). Take one-half can of tomatoes and put this over top of steak. Then take one tablespoon of butter or substitute and put on top, season well, pour one-half cup water over; put in slow oven and bake for one hour.
With Grated Cheese—Cook potatoes same as any mashed potatoes; put in kettle and when done and partly cool beat into them one egg; put into a baking dish and sprinkle with grated cheese. Let bake twenty minutes.
Asparagus Vinaigrette—Marinate leftover asparagus in well-seasoned dressing, adding one-half onion, grated; one teaspoon of finely minced parsley, one teaspoon of finely minced green pepper; serve as appetizer, ice-cold.

Hashed Brown Potatoes in Cream—Cut into dice six cold boiled potatoes and hash fine. Cook in usual manner, and when ready to serve add three-quarters cup of thin cream sauce. Let cook ten minutes longer.

GOOD CAKES.
Strawberry Shortcake—Half cup of butter, two eggs (yolks), two cups flour, one teaspoon soda, two teaspoons baking powder, one cup strawberries.
Beat the whites of eggs with sugar and use for meringue.
Substitute for Whipped Cream—One ripe banana sliced thin in white of one egg. Beat until smooth and stiff. Add a little sugar and vanilla. Fix just before serving. Delicious on gelatin or other puddings.
Quick Cake—One and one-half cups sugar, three eggs, one-half cup water, two teaspoons baking powder and flour. Mix and bake in usual way.
Strawberry Cake—One cup sugar, one-half cup shortening (butter and lard) one cup strawberry sauce, two cups flour, two eggs (beat whites and add last), one scant teaspoon soda. Bake in two layers.
Favorite Cake—This recipe is nice as a layer cake or baked in one sheet, or in a loaf or as cup cakes. One and one-half cups granulated sugar, three cups flour, one cup sweet milk, one-half cup butter or lard, two eggs, three teaspoons baking powder, one teaspoon salt.
Use one whole egg and the yolk of the other in the cake and one white beaten for the top. Boil one cup sugar and one-half cup water until it threads and pour into fill of egg beaten stiff for top and fill in.

"JUST A GIRL" BY JANE PHELPS

MISS RUSH SCENTS A MYSTERY
Chapter 33
Cook had been right. Mrs. Rush was a hard woman to work for. I had kept busy all day excepting while I was eating my luncheon, but when she returned at 5 o'clock she found yet other things for me to do. Then she was going to the theater, and I helped her dress. She left everything for me to put away, also instructions about getting the beds turned down, the thermos bottles filled, etc. It was after 9 o'clock when I finished my first day as a maid, and I crept into bed, conscious only of one thought—Thankfulness that no one shared it with me.

The next morning I was called at 6. Cook awakened me.
"You'll learn to wake up after a bit when its time to get up," she told me when I said I would have overslept had it not been for her.

I was stiff and lame in every part of my body. But I had no time to repine. I was expected to take Mrs. Rush her coffee and her letters, to attend to airing the parlor floor, and a dozen other things before 8 o'clock.

Miss Ailine was expected about 11 o'clock. And in spite of my aches and pains, I found myself looking forward to her appearance with a certain excitement.

She was just my age, not quite 20, so the cook had told me. How would she act toward me? I forgot that she would probably treat me exactly as she would any other servant. But she had been at home only a few moments when I found it out.

"What's your name?" she asked. Her mother had told me to help her. "Zena."

"Zena—what a funny name! I guess your mother must have been a no reader and found it in some book. Here, unlace my boots. My feet ache so I can't hardly endure it." She raised her foot.

At first I was inclined to refuse to do so menial a thing for a girl no older than myself. Then I remembered, and meekly unlaced her boots, and at her demand brought her some old soft slippers.

It appeared she had no maid, the upstairs girl performing such services as she required. As there was no upstairs maid, this also fell on me. My position was bidding fair to be rather a complicated one. I had hired as parlor maid. I must do upstairs work until a maid for that work could be found, also act as personal maid to Mrs. Rush, and now to the daughter. I wondered grimly if the cook should leave, if I also would be expected to do her work.

I made no complaints however, and did the best I could. I overheard Mrs. Rush scold Ailine for asking me to do things for her.

"She'll leave too if she has too much to do! And the Lord knows where we'll get anyone else, I'm sure I don't."

"Where'd you get her? Have you looked at her hands? That girl never worked anywhere before. I'm going to her room on her day out and look her things over. There's some mystery about her."

"Nonsense! Don't get on that subject again. The girl's all right if she's honest. Keep your things locked up for a while. She had no references, but I was desperate."

"I told you she hadn't worked anywhere!"

I learned afterward that Ailine was a great reader of mystery stories, and that she annoyed her mother by seeing something mysterious in the simplest occurrences.

It was far from pleasant to hear myself discussed, but that was something I had to expect. I determined that Ailine would have no chance to search my room, as I should not go out on my 'day.' I also kept everything but my working clothes in my trunk, which I carefully locked.

The days passed and no other help came. I worked early and late, yet I could not satisfy my mistress—rather, my mistresses, for Ailine really required more of me than did her mother. I was so tired I could scarcely stand. But altho several maids applied, none suited; so my work was constant. When Mrs. Rush found that I did not care to go out in the afternoon she had designated as mine, she said:

"If you are going to be at home, you might as well clean all the toilet silver. So all the long afternoon I polished silver. I had not thought of pretending, but had frankly said I did not wish to go out. I would know better next time."

To-morrow—An Embarrassing Occurrence.

The township school board met Monday night and completed their work of employing teachers for the coming school term. The following were selected: High school: Principal Francis Morris; assistant, Delphine Schiefel; Grammar, Harry Gross; Primary, La Metta Mills; Science, Charles Farmersdale; Music, Lillian Connor, Frank Multhup was re-employed as janitor of the Wolfe, John Mausman and family; out side of town will be presided over by Albert Myers and family and Walter Kogler and family in all there are about thirty present.

She left everything for me to put away, also instructions about getting the beds turned down, the thermos bottles filled, etc. It was after 9 o'clock when I finished my first day as a maid, and I crept into bed, conscious only of one thought—Thankfulness that no one shared it with me.

The next morning I was called at 6. Cook awakened me.

"You'll learn to wake up after a bit when it's time to get up," she told me when I said I would have overslept had it not been for her.

I was stiff and lame in every part of my body. But I had no time to repine. I was expected to take Mrs. Rush her coffee and her letters, to attend to airing the parlor floor, and a dozen other things before 8 o'clock.

Miss Ailine was expected about 11 o'clock. And in spite of my aches and pains, I found myself looking forward to her appearance with a certain excitement.

She was just my age, not quite 20, so the cook had told me. How would she act toward me? I forgot that she would probably treat me exactly as she would any other servant. But she had been at home only a few moments when I found it out.

"What's your name?" she asked. Her mother had told me to help her.

"Zena."

"Zena—what a funny name! I guess your mother must have been a novel reader and found it in some book. Here unlace my boots. My feet ache so I can't hardly endure it." She raised her foot.

At first I was inclined to refuse to do so menial a thing for a girl no older than myself. Then I remembered, and meekly unlaced her boots, and at her demand brought her some old soft slippers.

It appeared she had no maid, the upstairs girl performing such services as she required. As there was no upstairs maid, this also fell on me. My position was bidding fair to be rather a complicated one. I had hired as parlor maid. I must do upstairs work until a maid for that work could be found, also act as personal maid to Mrs. Rush, and now to the daughter. I wondered grimly if the cook should leave, if I also would be expected to do her work.

I made no complaints however, and did the best I could. I overheard Mrs. Rush scold Ailine for asking me to do things for her.

"She'll leave too if she has too much to do! And the Lord knows where we'll get anyone else, I'm sure I don't."

"Where'd you get her? Have you looked at her hands? That girl never worked anywhere before. I'm going to her room on her day out and look her things over. There's some mystery about her."

"Nonsense! Don't get on that subject again. The girl's all right if she's honest. Keep your things locked up for a while. She had no references, but I was desperate."

"I told you she hadn't worked anywhere!"

I learned afterward that Ailine was a great reader of mystery stories, and that she annoyed her mother by seeing something mysterious in the simplest occurrences.

It was far from pleasant to hear myself discussed, but that was something I had to expect. I determined that Ailine would have no chance to search my room, as I should not go out on my 'day.' I also kept everything but my working clothes in my trunk, which I carefully locked.

The days passed and no other help came. I worked early and late, yet I could not satisfy my mistress—rather, my mistresses, for Ailine really required more of me than did her mother. I was so tired I could scarcely stand. But altho several maids applied none suited; so my work was constant. When Mrs. Rush found that I did not care to go out in the afternoon she had designated as mine, she said:

"If you are going to be at home, you might as well clean all the toilet silver. So all the long afternoon I polished silver. I had not thought of pretending, but had frankly said I did not wish to go out. I would know better next time.

To-morrow—An Embarrassing Occurrence.
